Hey, you’re lookin’ good on the outside

But what about the inside?

Do the simple home test to detect and protect

There’s a simple test you can do at home to test for bowel cancer.

If you’re turning 50, 55 or 65 between 2008 and 2010 you will receive a testing kit in the mail.

Talk to your Health Worker or Nurse at your Health Service for more information or call your local Program Nurse on 1300 766 927 (local call).
