### On Line Learning and Resources

Centre for Palliative Care Research & Education  
*Management of Subcutaneous Infusions in Palliative Care*

A self directed learning package to develop and maintain knowledge and skills of the basic principles for best practice management of subcutaneous infusion devices in palliative care.

Go to:

<http://www.health.qld.gov.au/cpcrc/subcutaneous/home.asp>

---

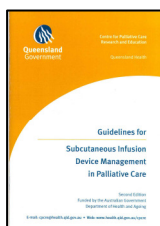

Centre for Palliative Care Research & Education

#### *Guidelines for Subcutaneous Infusion Device Management in Palliative Care*

Guidelines to inform practice, the development of policy and procedures, and associated training and education programs in relation to portable subcutaneous infusion device management.

Go to:

<http://www.health.qld.gov.au/cpcrc/subcutaneous/documents/guidelines.pdf>

Program of Experience in the Palliative Approach (PEPA)

Aims to improve the quality, availability and access to palliative care by improving the skills and expertise of health practitioners through:

- supervised clinical placements in specialist palliative care services (community and inpatient),
- tailored workshops, and
- post-placement support.

For more information:

Ph: 07 3636 1449

Web: <http://www.pepaeducation.com/>

E: [cpcrc@health.qld.gov.au](mailto:cpcrc@health.qld.gov.au)

---

Caresearch

#### *Caresearch Training Modules*

A series of training modules to help users "get the most out" of CareSearch by understanding more about the resources, how they are developed and how they can be used.

Web: <http://www.caresearch.com.au>
