ROCKHAMPTON HOSPITAL

CQ HEALTH SERVICE

loving working in the
heart of Queensland!

About: Living in Rockhampton

Located in what we like to call 'the heart of Queensland,' Rockhampton is only 700kms from Brisbane, 900kms from Townsville and about an hour's flight to both locations. Being in the centre of it all, there is easy access to both the coast and country with only a 30 minute drive to some of the best beaches in Australia.

Rocky boasts all the facilities and opportunities of a metro city without the hassle of traffic and high cost of living. Whatever sport, hobby or lifestyle you like to live, Rocky can generally cater.

- Five shopping centres and a city mall that has basically all the shops that you would expect in a major city.
- Sporting facilities are excellent with new state of the art basketball and tennis centres, all the football codes, cricket, swimming – you name the sport you will probably find a club where you can play.
- Culturally, the town is big into music, dance and the theatre and we also have a great art gallery and cultural network of people around the town.
- Get out and enjoy yourself in the many restaurants, bars and clubs around Rockhampton.

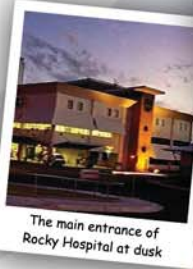

Work hard / Play hard

When you work at Rockhampton Hospital we want you to enjoy your time and we believe it is healthy to have a flexible work environment. So we offer:

- 76 hr/fortnight
- 5 weeks leave per year • flexible working environment
