June 2009

- 12/06/09 **National Breast Cancer Foundation
Early Career Fellowships**

Research Area	Biomedical, clinical, health services and public health research relating to Breast Cancer
Eligibility	Researchers with a doctorate degree and/or a professional qualification from an accredited institution who have between three and eight years of research or professional experience are encouraged to apply. The accepted professional qualifications include, but are not limited to, nursing; psychology; public health; medicine; physiotherapy; veterinary science; social work; pharmacy, engineering and occupational therapy.
Value	Maximum funding available for is up to \$200,000 per annum over four years (\$800,000 total).
Further Information	<u>Website</u> <u>Application Forms</u> <u>Guidelines</u>

➤ 12/06/09 **National Breast Cancer Foundation
Career Fellowships**

Research Area	Breast Cancer Research
Eligibility	Experienced researchers with a doctorate degree and a professional qualification from an accredited institution who have at least eight subsequent years of research or professional experience, and who have progressed to the stage of independent investigator to enhance their scientific capabilities and their specific research interests are encouraged to apply. The accepted professional qualifications include, but are not limited to, nursing; psychology; public health; medicine; physiotherapy; veterinary science; social work; pharmacy, engineering and occupational therapy.
Value	The maximum funding available for each Career Fellowship is \$200,000 per annum over five years (\$1 million total).
Further Information	Website Application Forms Guidelines

➤ 12/06/09 **National Breast Cancer Foundation
Doctoral Scholarships**

Research Area	Any discipline of research specifically relevant to breast cancer, including but not limited to: Behavioural, Biomedical, Clinical (including allied professions such as nursing or physiotherapy), Epidemiological, Health economics, Health services, Public health, Psychosocial
Eligibility	Outstanding graduates with a strong academic record and interest in breast cancer research
Value	Approximately \$33,240 which includes \$2,250 of allowances per year, keeping the awards competitive with the NHMRC Scholarship awards.
Further Information	Website Application Forms Guidelines

➤ 19/06/09 **Australian Cystic Fibrosis Research Trust
Cystic Fibrosis**

Research Area	Suitable projects include scientific studies related to cystic fibrosis.
Further Information	Website Application Forms

➤ 22/06/09 **NHMRC
H1N1 Influenza 09 (Human Swine Influenza)**

Research Area	Researchers will focus on the following two areas: <ol style="list-style-type: none">1. Biology of the virus, including the progress of mutations, likely increase or decrease in virulence, susceptibility to antivirals, and the risk of combination with other influenza virus strains.2. Health care, including quarantining, effective population based use of antivirals, advice on public health measures and messages and the factors that put individuals at higher risk. Please note: The research will commence in JUNE 2009.
Value	The Australian Government through the NHMRC has will provide a total of \$7 million for research into the H1N1 influenza virus 09.
Further Information	Website Application Kit

- 29/06/09 **Royal Australasian College of Physicians
Post Higher Degree Awards: J P Coghlan Travelling Fellowship**
-
- | | |
|---------------------|--|
| Research Area | Postdoctoral medical research in Molecular biology; the role of hormones in cancer or medicinal chemistry. |
| Eligibility | Fellows of the RACP or its Faculties or Chapters. |
| Value | \$US25,000 per annum for up to two years. |
| Further Information | Application kits can be found on the RACP Website |
- 29/06/09 **Royal Australasian College of Physicians
Post Higher Degree Awards: Cottrell Fellowship**
-
- | | |
|---------------------|---|
| Research Area | Research or training in the areas of epidemiology, social or community medicine; or for research or training relating to areas of special relevance to the Asia Pacific area. |
| Eligibility | Fellows of the RACP or its Faculties or Chapters. |
| Value | \$A60,000 |
| Further Information | Website |
- 29/06/09 **Royal Australasian College of Physicians
Post Higher Degree Awards: CSL Fellowship in Medical Research**
-
- | | |
|---------------------|--|
| Research Area | Infectious diseases or cancer immunotherapy. Particularly work on prevention or treatment of infections or cancers by active or passive immunisation. Projects may emphasise basic science, epidemiology or clinical studies of novel therapies. |
| Eligibility | Fellows of the RACP or its Faculties or Chapters. |
| Value | \$A50,000. |
| Further Information | Website |
- 29/06/09 **Royal Australasian College of Physicians
Post Higher Degree Awards: Vincent Fairfax Family Foundation Research Fellowship**
-
- | | |
|---------------------|---|
| Research Area | Research in the area of diseases associated with ageing. |
| Eligibility | Fellows of the RACP or its Faculties or Chapters. Applicants are expected to demonstrate academic merit, community involvement, integrity of character and leadership qualities within the community and/or the profession. |
| Value | \$A60,000. |
| Further Information | Website |
- 29/06/09 **Royal Australasian College of Physicians
Post Higher Degree Awards: IMS Travelling Fellowship**
-
- | | |
|---------------------|--|
| Research Area | Research overseas in internal medicine or paediatrics. |
| Eligibility | Fellows or Advanced Trainees of the RACP or its Faculties or Chapters in Australia or New Zealand. |
| Value | \$A15,000. |
| Further Information | Website |

➤ 29/06/09 **Royal Australasian College of Physicians
Post Higher Degree Awards: Juvenile Diabetes Research Foundation
Fellowship**

Research Area	Clinical and basic research into Type 1 diabetes. The following areas of research are encouraged with particular relevance to children and adolescents: - prevention of the disease and its recurrence; restoration of normal metabolism; avoidance and reversal of complications (such as hypoglycaemia, kidney failure, heart disease, nerve damage and loss of vision).
Eligibility	Fellows or Advanced Trainees of the RACP or its Faculties or Chapters in the early stages of their research career.
Value	\$A50,000.
Further Information	Website

➤ 29/06/09 **Royal Australasian College of Physicians
Post Higher Degree Awards: Kincaid-Smith Research Fellowship**

Research Area	General Medical.
Purpose	To assist Fellows or Advanced Trainees of the RACP or its Faculties or Chapters who are returning to research after a period outside the workforce.
Value	\$A20,000
Further Information	Website

➤ 29/06/09 **Cerebral Palsy Institute
NHMRC and CP Co Funded Program**

Research Area	Cerebral Palsy related research.
Value	\$50,000 (+ \$50,000 NHMRC) each year for 4 years. Total value \$400,000.
Further Information	Website Application Form and Guidelines

➤ 29/06/09 **Royal Australasian College of Physicians
Post Higher Degree Awards: RACP-CONROD Fellowship**

Research Area	Motor Vehicle Accidents. Suitable projects include: prevention of motor vehicle accidents; public and driver education aimed at reducing the incidence of motor vehicle accidents; mitigation of the effects of motor vehicle accidents; treatment of victims of motor vehicle accidents; rehabilitation of persons who sustain an injury through motor vehicle accidents.
Eligibility	Fellows or Advanced Trainees of the RACP or its Faculties or Chapters.
Value	\$A40,000 for the first year. Candidates may re-apply for a second year of funding.
Further Information	Website

- 29/06/09 **Royal Australasian College of Physicians
Post Higher Degree Awards: Robert and Elizabeth Albert Study Grant**
-
- | | |
|---------------------|-----------------------------------|
| Research Area | Internal medicine or paediatrics. |
| Value | \$A3,000 |
| Further Information | Website |
- 29/06/09 **Royal Australasian College of Physicians - Post Higher Degree Awards:
AstraZeneca Fellowship in Medical Research**
-
- | | |
|---------------------|--|
| Research Area | Internal medicine or paediatrics. |
| Eligibility | Fellows or Advanced Trainees of the RACP or its Faculties or Chapters. |
| Value | \$A20,000 |
| Further Information | Website |
- 29/06/09 **Royal Australasian College of Physicians
Post Higher Degree Awards: Australia Post Medical Research Fellowship**
-
- | | |
|---------------------|--|
| Research Area | Research in relation to melanoma. |
| Eligibility | Fellows or Advanced Trainees of the RACP or its Faculties or Chapters. |
| Value | \$A50,000 per annum for up to two years, with reapplication and demonstrated progress. |
| Further Information | Website |
- 29/06/09 **Royal Australasian College of Physicians
Post Higher Degree Awards: J J Billings RACP Overseas Travelling
Fellowship**
-
- | | |
|---------------------|---|
| Research Area | To further research overseas in internal medicine or paediatrics. |
| Eligibility | Fellows or Advanced Trainees of the RACP or its Faculties or Chapters in Australia and New Zealand. |
| Value | \$A10,000. |
| Further Information | Website |
- 29/06/09 **Royal Australasian College of Physicians
Post Higher Degree Awards: Eric Burnard Fellowship**
-
- | | |
|---------------------|---|
| Research Area | To assist a young paediatrician intending to visit overseas centres or complete a research projects in neonatology. |
| Value | \$A5,000. |
| Further Information | Website |

29/06/09 **Royal Australasian College of Physicians
Post Higher Degree Awards: Bushell Travelling Fellowship in Medicine or the Allied Sciences**

Research Area	To further research overseas in internal medicine or paediatrics.
Eligibility	Graduates in medicine of universities in Australia or New Zealand who are Fellows or Advanced Trainees of the RACP or its Faculties or Chapters.
Value	\$A20,000.
Further Information	Website

29/06/09 **Royal Australasian College of Physicians
Post Higher Degree Awards: RACP Australian Rheumatology Association Fellowship**

Research Area	To further research in the broad field of rheumatic diseases.
Eligibility	Advanced Trainees in Rheumatology of the RACP or Fellows of the College who have completed advanced training in rheumatology within the previous five years.
Value	\$A40,000.
Further Information	Website

29/06/09 **Royal Australasian College of Physicians
Post Higher Degree Awards: RACP GlaxoSmithKline Australia Fellowship in Neurology**

Research Area	Medical research in neurology.
Eligibility	\$A40,000.
Value	Fellows or Advanced Trainees of the RACP or its Faculties or Chapters.
Further Information	Website

29/06/09 **Royal Australasian College of Physicians -
Post Higher Degree Awards: Foundation for High Blood Pressure Research Fellowship**

Research Area	Blood pressure, hypertension and associated cardiovascular diseases, and related areas. The research may be either basic or clinical but preference will be given to research relevant to new clinical developments.
Eligibility	Fellows of the RACP or its Faculties or Chapters continuing to pursue a career in research (clinical and/or basic). A good undergraduate and postgraduate academic record is required together with evidence of significant research experience (higher postgraduate degree and/ or research publications). The research program must be carried out in an Australian university, research institute, university teaching hospital or affiliated institution with a group active in cardiovascular research.
Value	\$A60,000 per annum.
Further Information	Website

➤ 29/06/09 **Royal Australasian College of Physicians
Post Higher Degree Awards: Margorie Hooper Scholarship**

Research Area	Postgraduate research in internal medicine or paediatrics outside South Australia, or overseas.
Eligibility	Fellows or Advanced Trainees of the RACP or its Faculties or Chapters must be resident in South Australia and wanting to study outside the state.
Value	\$A20,000.
Further Information	Website

➤ 29/06/09 **Royal Australasian College of Physicians
Post Higher Degree Awards: I L Thompson Research Fellowship**

Research Area	Haematology or immunology research.
Eligibility	\$A6,000.
Value	Fellows or Advanced Trainees of the RACP or its Faculties or Chapters in Australia.
Further Information	Website

➤ 29/06/09 **Royal Australasian College of Physicians
Post Higher Degree Awards: J T Tweddle Fellowship for Part-time Reserach**

Research Area	Part-time research in Australia on an approved project up to a maximum of 12 months.
Eligibility	Fellows or Advanced Trainees of the RACP or its Faculties or Chapters in Australia.
Value	\$A3,000.
Further Information	Website

➤ 29/06/09 **Cerebral Palsy Institute
Innovative Research Grants**

Research Area	Cerebral Palsy Research.
Value	Up to \$350,000 per year for up to four years.
Further Information	Website Application Forms

➤ 29/06/09 **Royal Australasian College of Physicians
Faculty of Rehabilitation Medicine: AFRM Bruce Ford Travelling Scholarship**

Research Area	Formal research training in an overseas research position. The position, would provide training in research methodology, should preferably be part of a formal course of study leading to a postgraduate qualification (PhD or MD).
Eligibility	Recently qualified Faculty Fellows (within five years of qualification) or Faculty Trainees.
Value	\$A10,000.
Further Information	Website

➤ 29/06/09 **Royal Australasian College of Physicians –
Faculty of Rehabilitation Medicine: AFRM Ipsen Open Research
Fellowship**

Research Area	Training in relation to the establishment and conduct of clinical research in projects focused on the areas of neurological rehabilitation, spasticity and pain management.
Eligibility	Fellows or Trainees of the Australasian Faculty of Rehabilitation Medicine (AFRM).
Value	\$A15,000.
Further Information	Website

➤ 30/06/09 **Sir Robert Menzies Memorial Research Scholarship
Allied Health Sciences Scholarship**

Research Area	Any non medical allied health research which aims to improve the health of Australians.
Eligibility	Clinical psychology, nutrition, nursing, occupational therapy, physiotherapy and speech pathology graduates preferred however applications from graduates of other allied health disciplines pursuing a PhD in that field will also be considered.
Value	\$27,500 per annum, free of income tax.
Further Information	Website Application Forms Guidelines

➤ 30/06/09 **Australian Kidney Foundation
Seeding Grants**

Research Area	Medical and scientific kidney and urology related research.
Eligibility	Application requires a genuinely new research idea.
Value	\$15,000 per year - two year maximum.
Further Information	Website Guidelines

➤ 30/06/09 **Clive and Vera Ramaciotti Foundations
Establishment Grants**

Research Area	Biomedical research within Universities, Public Hospitals, Medical Research Institutes or other institutions approved by the Trustee.
Eligibility	The applicant must have a maximum of five years Post Doctoral experience as at 1 January 2010 and have taken a new position in another institution.
Value	Up to \$30,000 towards the purchase of a single item of equipment costing \$100,000 or more. Applications for contributions towards the cost of items of basic infrastructure will not be considered.
Further Information	Website Application Forms Guidelines

➤ 30/06/09 **Clive and Vera Ramaciotti Foundations
Equipment Grants**

Research Area	Biomedical research.
Eligibility	Applicants must be a University or Hospital Head of Department in which the equipment is to be located.
Value	Up to \$50,000 towards the purchase of a single item of equipment costing \$100,000 or more. Applications for contributions towards the cost of items of basic infrastructure will not be considered.
Further Information	Website Application Forms Guidelines

➤ 30/06/09 **Perpetual Ramaciotti Foundation
Medal for Excellence in Biomedical Research**

Research Area	Biomedical Research Award
Eligibility	The nominee must still be actively engaged in research; the nominee must have previously received support from the Ramaciotti Foundation at some time; the greater part of the work leading to the discovery (or discoveries) must have been conducted in Australia
Value	This prestigious award consists of a medal and a monetary prize of \$50,000
Further Information	Website Application Forms Guidelines

July 2009

➤ 01/07/09 **Judith Jane Mason & Harold Stannett Williams Memorial Foundation
Medical & Science Research Grant - Alzheimer's Disease**

Research Area	Alzheimer's Disease - Causes, prevention and/or management of the disease.
Value	Individual grants of up to \$50,000 will be considered, and the total annual income available for this grant category is in the order of \$350,000 – \$400,000 (indicative only).
Further Information	Website Guidelines

➤ 01/07/09 **Judith Jane Mason & Harold Stannett Williams Memorial Foundation
Medical & Science Research Grant – Chronic Fatigue Syndrome**

Research Area	Chronic Fatigue Syndrome - Causes, prevention and/or management of the disease.
Value	Individual grants of in the vicinity of \$100,000 will be considered, and the total annual income available for this grant category is in the order of \$500,000 - \$600,000 (indicative only).
Further Information	Website Guidelines

➤ 01/07/09 **J.O. & J.R. Wicking Trust
Medical and Scientific Grants**

Research Area	Research into better diagnosis therapeutic intervention care or treatment of Alzheimer's disease and research into cures.
Value	Individual grants will be in the vicinity of \$25,000 to \$50,000.
Further Information	Website Guidelines

➤ 01/07/09 **NHMRC
Program Grants**

Research Area	All research approaches relevant to better health ie. biomedical, clinical, public health or health services research.
Eligibility	Applications are open to new teams, or current Program Grant holders in their 4th or 5th year in 2009.
Value	The value of the grant will depend on previous record of research achievement. For further information please see the Funding Policy .
Further Information	Website Application Forms Guidelines

➤ 01/07/09 **Juvenile Diabetes Research Foundation
High Priority Short Term Bridge Award**

Research Area	Type 1 diabetes
Eligibility	Applications may be submitted by domestic and foreign non-profit organizations, public and private, such as universities, colleges, hospitals, laboratories, units of state and local governments, and eligible agencies of the federal government. Applications must hold an MD, DMD, DVM, PhD, or equivalent and have a faculty position or equivalent at a college, university, medical school, or other research facility. There are no citizenship requirements for this program.
Value	\$55,000 for one year.
Further Information	Website Guidelines

➤ 04/07/09 **Cerebral Palsy Institute
NHMRC Training (Post Doctoral) Fellowship**

Research Area	Cerebral Palsy related research
Value	\$34,250 (+\$34, 250 NHMRC) each year for 2 years. Total value \$139, 000.
Further Information	Website Application Kits can be found here

➤ 04/07/09 **NHMRC
Travelling Award for Research Training – round 2**

Eligibility	All current holders of NHMRC Career Development Awards, Australian Training Fellowships and Postgraduate Scholarships.
Value	Up to a maximum of \$10,000 for 6 months, and an airfare allowance for the successful awardee of up to \$2,500, will be paid for a Travelling Award held overseas. Up to a maximum of \$6,000 for 6 months, and an airfare allowance for the successful awardee of up to \$1,000, will be paid for a Travelling Award held in Australia.
Further Information	Website Application Forms

- 10/07/09 **NHMRC**
Australia Fellowship (round 4) – Full Application
-
- | | |
|---------------------|--|
| Research Area | Biomedical, clinical, health services and public health research. |
| Eligibility | Australian and non-Australian citizens, currently resident in Australia or in any other country. However, the research must be conducted in Australia and the award must be administered by an Australian Administering Institution. |
| Value | The total package for an Australia Fellowship will be provided as a one-line amount of \$800,000 per annum for five years. |
| Further Information | Website Application Form Guidelines |
- 15/07/09 **J.O. & J.R. Wicking Trust**
Major Strategic Initiatives
-
- | | |
|---------------------|--|
| Research Area | Alzheimer's disease. Suitable projects may include but is not limited to: Pilot programs aimed at educating members of the medical profession and/or the community about earlier detection and management of Alzheimer's disease; Projects that establish leadership and career paths in the area of aged care nursing; Development, adaptation or use of technology to improve the quality of life and independence of the aged or Alzheimer's sufferers. |
| Value | Each grant will be in the order of \$50,000 to \$180,000 per annum, and it is recognised that projects could require more than one year's funding. |
| Further Information | Website Guidelines |
- 15/07/09 **J.O. & J.R. Wicking Trust**
Incubation Initiative
-
- | | |
|---------------------|---|
| Research Area | Alzheimer 's disease. Suitable Projects include those which involve: trials of initiatives of care that seek to delay or eliminate the necessity for the aged to enter residential care; Trials of sustainable initiatives that enhance the quality of life of the aged within and outside residential care settings; Trials of initiatives seeking more effective ways of locally recruiting, training and retaining aged care professionals; Development, adaptation or use of technology to improve the quality of life and independence of the aged or Alzheimer's sufferers. |
| Value | Each grant will be in the order of \$15,000 to \$50,000 per annum, and we recognise that projects could require more than one year's funding. |
| Further Information | Website Guidelines |
- 15/07/09 **J.O. & J.R. Wicking Trust**
Support Grants for Rural Communities
-
- | | |
|---------------------|--|
| Research Area | Alzheimer's disease. Suitable projects are those which address the problems of social isolation experienced by the aged, especially in rural communities; Benefit aged people, and especially people suffering with Alzheimer's disease, in rural communities; Serve communities with a population of less than 10,000 |
| Value | Grants will be in the vicinity of \$1,000 - \$10,000 per annum. These projects will be funded for one year only. |
| Further Information | Website Guidelines |

15/07/09

Juvenile Diabetes Research Foundation International Regular Research Grant

Research Area	Type 1 diabetes suitable projects include those considered to be on the leading edge of diabetes research and that address the JDRF research emphasis areas.
Eligibility	Applicants must hold an M.D., D.M.D., D.V.M., Ph.D., or equivalent and have a faculty position or equivalent at a college, university, medical school, or other research facility.
Value	\$165,000 per year for 3 years.
Further Information	Website Guidelines and application kit

15/07/09

Juvenile Diabetes Research Foundation International Career Development Award

Research Area	Type 1 diabetes
Eligibility	The applicant must hold an academic faculty-level position (including assistant professor or equivalent) at the time of the application, at a university, health science centre, or comparable institution with strong, well established research and training programs for the chosen area of interest.
Value	\$150,000 per year for up to 5 years.
Further Information	Website Guidelines

15/07/09

Juvenile Diabetes Research Foundation international Innovative Grant

Research Area	Diabetes.
Eligibility	Applicants must hold an M.D., D.M.D., D.V.M., Ph.D., or equivalent and have a faculty position or equivalent at a college, university, medical school, or other research facility.
Value	\$110,000 for a duration of 1 year.
Further Information	Website Guidelines

15/07/09

Juvenile Diabetes Research Foundation Advanced Post Doctoral Scholarship

Research Area	Type 1 diabetes.
Eligibility	Exceptionally qualified and talented individuals are encouraged to apply at the beginning of their careers. This program is targeted to those who would benefit from postdoctoral research training in preparation for later faculty appointments (therefore, applicants may not have faculty appointments). There are no citizenship requirements for this program.
Value	Budgets up to USD 90,000 per year for up to 3 years may be requested.
Further Information	Website Guidelines

25/07/09

**GlaxoSmithKline
Postgraduate Support Grant (PhD or Post Doctorate)**

Research Area	The Field should be one of the following: Respiratory, Inflammation & Musculoskeletal Metabolic Diseases and Cardiovascular Neurology & Psychiatry Microbial & Viral Proliferative Disease (includes Cancer) Drug Delivery Drug Discovery Technology Prophylactic Vaccines Non Therapy Area Specific Biomedical Research
Eligibility	The recipient of the grant will be in the field of human health
Value	Up to \$15,000 per annum for two years
Further Information	Website Guidelines

31/07/09

**NHMRC/ CP Foundation
2 x Doctoral Scholarships**

Research Area	Scholarships exist in the following categories: 1. Training Scholarship for Indigenous Australian Health Research. 2. Medical and Dental Postgraduate Research Scholarships. 3. Biomedical Postgraduate Research Scholarships. 4. Public Health Postgraduate Research Scholarships. 5. Primary Health Care Postgraduate Research Scholarships 6. The Pharmacy Practice Scholarship.
Eligibility	Applicants must be an Australian citizen or permanent resident or New Zealand citizen holding a Special Category Visa.
Value	up to \$82,680 each.
Further Information	Website Application Kit

31/07/09

**Leukaemia Foundation
Philip Desbrow Senior Research Fellowship**

Research Area	Research in the field of leukaemia, lymphoma, myeloma and related blood cancers and disorders.
Eligibility	The successful candidate will have an established track record in research at the highest level and is particularly targeted at outstanding young researchers currently based overseas and who wish to return to Australia to develop independent research programs, although outstanding candidates already based in Australia will be eligible.
Value	\$200,000/ annum for five years.
Further Information	Website Application Forms Guidelines

31/07/09 **Leukaemia Foundation Grants-In-Aid**

Research Area	Research projects that supports basic, applied and translational research in all fields of research which will improve outcomes for people with blood cancers and related disorders. Applicants are encouraged to develop innovative approaches to haematological problems, especially in the areas of basic or fundamental research.
Eligibility	Persons working in a public hospital, university, or recognized research institute in Australia will be eligible to apply
Value	Up to \$100,000 / annum for one year only.
Further Information	Website Application Forms Guidelines

31/07/09 **Leukaemia Foundation Postdoctoral Fellowship**

Research Area	Research in the field of leukaemia, lymphoma, myeloma and related blood cancers and disorders.
Eligibility	The fellowships and scholarships will be offered to people eligible to enrol to undertake full time research or study in an Australian University, affiliated Medical Research Institute, Public Hospital, or Public Benevolent Institution.
Value	\$100,000 (75% salary + 25 consumables)/annum.
Further Information	Website Application Forms Guidelines

31/07/09 **Cystic Fibrosis in Australia Allied Health Fellowship**

Eligibility	Allied Health professionals in the fields of nursing, dietetics, physiotherapy, social work, psychology and occupational therapy are encouraged to apply. Eg. All applicants must be permanent residents of Australia and must have been working in CF care for at least 2 years. allied health professionals involved in the treatment or care of people with Cystic Fibrosis.
Value	\$4,500 plus GST
Further Information	Application kits can be found on the CFA Website

31/07/09 **National Breast Cancer Foundation National Collaborative Breast Cancer Research Grant Program – Phase 2**

Research Area	Research that addresses the causes of breast cancer all aspects of the care of women and men with breast cancer.
Eligibility	The proposed project must be located/managed/operated under the auspices of a University, hospital or major research institution(s) located within Australia. An applicant who is in receipt of funds from, the tobacco industry or organisations deemed by the NBCF to be associated with the tobacco industry, regardless of whether the funds are received directly, through collaborators or by other means (the Smoking and Health Research Foundation of Australia is deemed to be associated with the tobacco industry) is ineligible.
Value	Funding will now be made available in two stages; Stage 1: up to \$1 million dollars, per annum, for 3 years (Years 1-3). Stage 2: up to \$1 million per annum for an additional two years (Years 4 and 5). Provision of Stage 2 funding will be dependent on satisfactory completion of Stage 1 research and the availability of funds.
Further Information	Website Application Forms Guidelines

➤ 31/07/09 **Australian Society for Microbiology
Foundation Travel Grants**

Research Area	Microbiology.
Eligibility	Australian Microbiologists, especially those in the formative stages of their careers, to undertake professional development in appropriate laboratories in Australia or New Zealand.
Value	The Foundation Travel Grant normally provides from several hundred to a maximum of \$2,000 per scholarship.
Further Information	Website

➤ 31/07/09 **NHMRC
Post Graduate Scholarships 2010**

Research Area	Health and Medical Research.
Eligibility	Young Health and Medical graduates encouraged to apply. The applicant must be an Australian citizen or resident and have made prior arrangements with the Head of Department or Institution in which they propose to study. The administering institution nominated must be an NHMRC registered Administering Institution within Australia.
Value	Grant Review Panels (GRPs) will determine budgets and make recommendations. The Minister will determine the number of grants funded and the level of funding allocated to a grant. For further information please see the funding policy .
Further Information	Website Application Form Guidelines

August 2009

➤ 07/08/09 **Heart Foundation
Travel Grants: Round 3**

Research Area	Cardiovascular disease or related areas
Eligibility	Students studying for higher degrees (PhD, Masters etc.) and junior Postdoctoral Fellows (no more than 5 years postdoctoral). Applicants must be Based in Australia and travelling overseas to present their cardiovascular research at a conference.
Value	No more than \$2,000 can be requested and applies to all applications.
Further Information	Website Application Forms Guidelines

07/08/09 **Australian Rotary Health
Mental Health Research Grants 2010:**

Research Area	One-year research "Pilot" projects investigating the Mental Health of Young Australians.
Eligibility	Applicants must be an Australian citizen or have Permanent Resident Status and not be under bond to any foreign government. Applicants are to provide, where appropriate, evidence of resident status.
Value	Each application must not exceed \$35,000 and will be funded for one year only.
Further Information	Website Guidelines

14/08/09 **Queensland Government
Queensland Smithsonian Fellowships**

Eligibility	Applications are open to Queenslanders working in any area of mutual interest with the Smithsonian including: <ul style="list-style-type: none"> • evolutionary, systematic, behavioural and environmental biology; • anthropology, archaeology, linguistics and Indigenous and cross-cultural studies; • material and folk culture; • science and technology
Value	Up to A\$30,000 will be awarded per fellowship. The amount depends on the project duration and covers: <ul style="list-style-type: none"> • a base amount of A\$4,000 to cover airfares etc, and • a weekly contribution of A\$1,000 towards the fellow's cost of living for the duration of the fellowship.
Further Information	Website Guidelines

27/08/09 **Human Frontier Science Program
Cross-Disciplinary Fellowships (Registration Deadline)**

Eligibility	Cross-disciplinary fellowships are intended for postdoctoral fellows with a Ph.D. degree in the physical sciences, chemistry, mathematics, engineering and computer sciences who wish to receive training in biology.
Value	HFSP Fellowships provide support for a period of three years. Further information regarding monetary value can be located in the Financial Support section of the application guidelines.
Further Information	Website Guidelines

27/08/09 **Human Frontier Science Program
Postdoctoral Fellowships (Registration Deadline)**

Eligibility	Postdoctoral Fellowships are available for scientists who wish to work in foreign laboratories, with emphasis on individuals early in their careers who wish to obtain training in a different field of research. Fellows who return to their home countries are eligible to apply for a Career Development Award.
Value	HFSP Fellowships provide support for a period of three years. Further information regarding monetary value can be located in the Financial Support section of the application guidelines.
Further Information	Website Guidelines

28/08/09 **Heart Foundation
Post Graduate Scholarships**

Research Area	Scholarships are awarded for biomedical, clinical or public health research on cardiovascular disease and related disorders.
Eligibility	These scholarships are for nursing, medical, science and other relevant graduates seeking support for full-time research studies leading to a PhD at an Australian university or institution. The applicant would be eligible for funding if they fulfil any one of the following criteria. 1. Citizen of Australia or New Zealand 2. Permanent resident of Australia 3. Submitted their application to the Department of Immigration and Multicultural and Indigenous Affairs (DIMIA) for a permanent residence or Special Category Visa but have not yet received the visa
