

# Works Notice

5 JULY 2010

## Changes to PAH Emergency Department ambulance and public drop-off area, July - October 2010

From **Monday 12 July 2010**, the existing Emergency Department ambulance and public drop-off area will be closed for construction on PAH's new radiation oncology facilities. This will mean that:

- » The six existing ambulance bays will be re-located to the southern side of the Emergency Department (*see diagram below*).
- » Access for pedestrians and ambulance officers to the Emergency Department will be via a new walkway along the perimeter of the construction site.
- » The existing two public drop-off bays will also be re-located.
- » There will be **very limited parking and turning room** in the area and priority will be given to emergency vehicles.
