Clinical Haematology

Candidates who are on or have applied to be selected onto the Training Program in Clinical Haematology with the Royal Australasian College of Physicians (RACP) are advised to preference “College/Pathway (Determined Placements)” as first preference facility.

For example:

- **What is your first preferred facility?**
  - College/Pathway (Determined Placements)

- **What is your first preferred position?**
  - Registrar

- **What is your first preferred Specialty?**
  - Medicine

- **What is your first preferred Sub-Specialty?**
  - Clinical Haematology (Med)

As up to 5 preferences may be recorded as part of an RMO application, it is recommended that candidates utilise remaining preferences to indicate which positions they may be interested in if they are not selected to a Clinical Haematology training position. Information on positions in other specialties can be obtained via the dedicated Registrar and PHO webpage - [www.health.qld.gov.au/rmo/how-to-pref-reg.asp](http://www.health.qld.gov.au/rmo/how-to-pref-reg.asp) and SHO and JHO - [www.health.qld.gov.au/rmo/how-to-pref-jho-sho.asp](http://www.health.qld.gov.au/rmo/how-to-pref-jho-sho.asp) webpage.
