

# Application form – General approval (emergency management of animals) – Renewal application

January 2022

## Information about this application form

This application form is to be used to apply to renew a general approval for **emergency management of animals** under section 82 of the *Medicines and Poisons Act 2019* (MPA).

Applicants **must include with the application** a complete up-to-date list of all locations where medicines are being stored, including the quantity of each medicine being stored at each location.

## Applying for a renewal of a general approval for emergency management of animals

### Timing

A renewal application must be made using the attached application form within the period starting 90 days before the term of the substance authority ends (s82(2) of the MPA). In exceptional circumstances, a late application may be accepted up to 30 days after the term of the current authority ends (s82(3) of the MPA).

If an application to renew a substance authority is accepted, the authority continues in force until the application is decided or taken to have been withdrawn (s85 the MPA).

Under chapter 3, part 3, division 4 of the MPA, applications are decided within 90 days of the application (final consideration day – section 86 of the MPA), or the latest day the chief executive of Queensland Health (or delegate) receives information from the applicant (section 89 of the MPA), unless a later date is agreed (s88 of the MPA). Applications not decided by this time are taken to have been refused (s89(4) of the MPA).

### Assessment

The chief executive of Queensland Health (or delegate) must decide whether or not to grant a renewal application. In determining the application, the matters described in section 83 of the MPA may be taken into consideration, including any changes to matters that were considered by the chief executive of Queensland Health (or delegate) when the substance authority was granted.

Queensland Health assesses all information relevant to an application including:

- prior compliance history;
  - background, skills and qualifications of persons who will be responsible for overseeing activities to be carried out or will have access to regulated substances;
  - which regulated substances are to be included in the substance authority;
  - proposed activities and locations where regulated substances are to be used and stored;
- and

- the documented governance arrangements in place relevant to the substance authority.

To apply, submit via email the **attached** application form, accompanied by all supporting documents (certified where required), to:

**APPLICATION TO RENEW A GENERAL APPROVAL  
(EMERGENCY MANAGEMENT OF ANIMALS)**

**Section 3 – Substance management plan** (s93 MPA, Chapter 6 and Schedule 17 MPMR)

The holder of a general approval for emergency management of animals, must make a substance management plan before any regulated activity happens with a regulated substance at, or in connection with, a regulated place (e.g. an authorised location stated in the approval), unless the person has a reasonable excuse.

The substance management plan must:

- state the following:
  - the day the plan starts;
  - the location of the place;
  - the regulated activities and regulated substances to which the plan applies;
  - the persons (staff) to whom the plan applies; and
- address the matters specified in the Departmental standard: ‘Substance management plans for medicines’ under the MPMR; and
- be written in a way that is likely to be easily understood by staff.

The approval holder (as ‘relevant person’) must ensure the substance management plan:

- is made available to staff when it is made; and
- is reviewed at the time specified in the MPMR.

Have you prepared a substance management plan that meets (and continues to meet) the criteria above and the Departmental standard: ‘Substance management plans for medicines’ of the MPMR?
