Ophthalmology
Training preference guide

RMO Campaign 2020

The Royal Australian and New Zealand College of Ophthalmologists (RANZCO) is the medical college responsible for the recruitment, training and professional development of ophthalmologists in Australia and New Zealand. RANZCO offers a Vocational Training Program (VTP) for new and continuing trainees in which the best trainees are selected and appointed, and then undergo high quality training experiences. To be selected onto VTP with RANZCO, applicants must apply directly to the college for an allocation to a Queensland facility.

In Queensland, for an employment contract to be issued from a training facility, applicants MUST ALSO submit an application via the RMO Campaign portal.

RMO application: Step 10 Preferences

Applicants who are on or have applied to be selected onto the training program MUST complete their first preference as follows:

As up to 5 preferences may be recorded as part of the application, it is recommended that applicants utilise a lower preference to indicate which positions they may be interested in if they are not selected to their preferred position. You can search for alternative vacancies by using the Position search tool on the RMO website.

For further information on the individual facilities including contact details, please refer the Participating hospital contacts and profiles page on the RMO Campaign website.
