In Queensland, advanced training positions in Nephrology are managed centrally through the Queensland Advanced Training in Nephrology Program. Applicants must familiarise themselves with the requirements outlined on the Queensland Advanced Training in Nephrology Program webpage.

New and current trainees need to complete the Queensland Advanced Training in Nephrology Program section within the online RMO application to be considered.

**Queensland Nephrology Advanced Training Program**

**Are you applying for a position on the Queensland Nephrology Advanced Training Program?**

Please visit the Queensland Nephrology Advanced Training Program website for further details on applying for a position.

- Yes
- No

Once you have nominated **YES** and complete the subsequent questions, you will be asked to preference 5 tertiary hospitals in your order of preference from 1 to 8:

<table>
<thead>
<tr>
<th>Cairns Hospital</th>
<th>Gold Coast University Hospital</th>

</tr>
</tbody>
</table>

- What is your first preferred facility for training? *
- Please Select--

- What is your second preferred facility for training? *
- Please Select--

- What is your third preferred facility for training? *
- Please Select--

- What is your fourth preferred facility for training? *
- Please Select--

- What is your fifth preferred facility for training? *
- Please Select--
RMO Application: Step 10 Preferences

At **Step 10: Preferences** of the online RMO application, applicants who wish to apply to the training program MUST complete their 1st preference as follows:

![Preference Selections](image)

As up to 5 preferences may be recorded as part of the application, it is recommended that applicants utilise a lower preference to indicate which positions they may be interested in if they are not selected to their preferred positions. You can search for alternative vacancies by using the Position search tool on the RMO website.

For further information on the individual facilities including contact details, please refer the Participating hospital contacts and facility profiles page on the RMO Campaign website.
