Troy,

I have just left a message on your mobile.

As you will be aware, we are looking for current data from all of the sensors in our tenancy on Levels 4 and 5, 41 O'Connell Terrace.

There have been changes over the last few days in different areas, and I hope we can isolate the issues quickly.

I would be grateful if you provide the data from each sensor for the month to date, similarly to the data provided last week. (pls refer attached)

Thank you,

Peter

Troy,

I have just left a message on your mobile.

As you will be aware, we are looking for current data from all of the sensors in our tenancy on Levels 4 and 5, 41 O'Connell Terrace.

There have been changes over the last few days in different areas, and I hope we can isolate the issues quickly.

I would be grateful if you provide the data from each sensor for the month to date, similarly to the data provided last week. (pls refer attached)

Thank you,

Peter

Troy,

That will be fine. I am planning to graph the data by sensor and discuss it at a meeting we have scheduled for 12.30.

Thank you,

Peter

Hello Peter,

I'm in a training session until after 5pm today, sorry I missed your call.

Can I ask when did you need the data by. Would tomorrow morning about 10 am be too late?

Regards,

Troy,

I have just left a message on your mobile.

As you will be aware, we are looking for current data from all of the sensors in our tenancy on Levels 4 and 5, 41 O'Connell Terrace.

There have been changes over the last few days in different areas, and I hope we can isolate the issues quickly.

I would be grateful if you provide the data from each sensor for the month to date, similarly to the data provided last week. (pls refer attached)

Thank you,

Peter

Thanks Troy,

Graphs attached. Seems the issues still exist with 4.09, 4.10 and 5.09.

I am also getting feedback (not good) about the amount of cold air coming out of vents running of 4.07 and 5.07.

I hope we can get these issues addressed quickly.

Thank you,

Peter

Troy,

That will be fine. I am planning to graph the data by sensor and discuss it at a meeting we have scheduled for 12.30.

Thank you,

Peter

Hello Peter,

I'm in a training session until after 5pm today, sorry I missed your call.

Can I ask when did you need the data by. Would tomorrow morning about 10 am be too late?

Troy,

I have just left a message on your mobile.

As you will be aware, we are looking for current data from all of the sensors in our tenancy on Levels 4 and 5, 41 O'Connell Terrace.

There have been changes over the last few days in different areas, and I hope we can isolate the issues quickly.

I would be grateful if you provide the data from each sensor for the month to date, similarly to the data provided last week. (pls refer attached)

Thank you,

Peter

Good Morning Peter,

I am out of the office until 2pm on Friday.

Is the afternoon too late to send through the sensor readings data?

Troy,

Would you mind sending through the sensor readings for the month to date on Friday morning, similarly to last week, please?

Thank you,

Peter
