**Notes:**

**Violence Information** - This information may include data relating to:

- Information on threats of violence, either generally or specifically against QAS operational staff.
- Incidents where paramedics have been assaulted or physically threatened with weapons, e.g. firearms, knives, etc.

This type of caution note has a three (3) month expiry. The monthly data will include any note that was created in the 3 months prior and has an expiry date within the month or was created any time during the month.

**Interim Violence Note** - In urgent situations that involve violence and crew safety an 'Interim Violence Caution Note' may be provided while the validation and checking procedure for a request is being undertaken. An interim violence caution note will remain valid for a period of one (1) week while the validation process occurs.

**The QAS does not class any location as a "no-go" zone, and will attend any address or location where a request for service has been received. However, there are identified addresses/locations where the QAS will standby at a safe distance until police attend.**
