Hospital facilities

The MHHS is responsible for the delivery of public hospital and health services including medical, surgical, emergency, obstetrics, paediatrics, specialist outpatient clinics, mental health, critical care and clinical support services to a population of around 180,424 people residing in a geographical area from Bowen in the north to St Lawrence in the south and from the coast inland to Clermont in the west, and Collinsville in the north-west. The Whitsunday Islands in the east are also included in this region and include Lindeman, Hamilton and Brampton Islands.

To reflect the growing demand for health care in the region, the Mackay Base Hospital has been redeveloped, at a cost of $408 million with a current bed capacity of 236 beds.

The redeveloped hospital is a digital hospital, equipped with leading edge technology to assist staff to provide the highest level of care and comfort to our patients. It is the first regional hospital in Queensland to have the complete integrated electronic medical record. The hospital provides specialist services in obstetrics, gynaecology, paediatrics, orthopaedics, psychiatry, urology and oncology and many other specialty areas. New services implemented in 2017 included ENT and a Step-Up Step Down mental health service. The Proserpine Hospital has 33 beds and Bowen Hospital has 27 beds.
Specialist Outpatient Clinics:

Cardiology, Cardiac Surgery, Dermatology, Diabetes, Ear, Nose and Throat, Endocrinology, Gastroenterology, General Medicine, General Surgery, Geriatrics, Gynaecology, Nephrology, Neurology, Neurosurgery, Surgical Other, Non-Surgical Other, Obstetrics, Oncology, Ophthalmology, Orthopaedic, Pain Management, Palliative Care, Plastic and Reconstructive Surgery, Respiratory, Rheumatology, Urology, Vascular Surgery.
