Gold Coast Mental Health Service is a large, dynamic and rapidly expanding service which provides mental health care to the Gold Coast, extending from the border of New South Wales to Alberton in South-East Queensland. This catchment area has a population of approximately 600,000.

Gold Coast Health Service District has two hospitals, Gold Coast University Hospital & Robina Hospital as well as four Community Clinics.

We are located in our new $1.76 billion Gold Coast University Hospital which is one of Queensland’s largest clinical teaching and research facilities.

The Gold Coast is a major training location. We currently have over 60 Accredited Training positions covering Stage 1, 2 & 3 placements in Adult, Generalist, Child and Adolescent, Psychogeriatrics, Psychotherapy, Addiction and Consultation Liaison. Positions include:

- Adult Inpatient including Acute Young Adult, Mother Baby Unit and Short Stay
- Community Psychiatry - MIRT, Early Psychosis, Acute Care, Continuing Care
- Psychotherapy - 1 day per week for 4 trainees per term.
- Homeless Health Team
- Rehabilitation Psychiatry
- Psychiatry of Old Age
- Consultation Liaison Psychiatry
- Child and Adolescent (Community and Inpatient)
- Addiction
- SHO Psychiatry and GP Training PHO positions also available
- Expanded Settings including Early Psychosis Research, Currumbin Clinic, HyEPP, Perinatal/Infant, CL/Cardiac, Education, Lives Lived Well & GP Liaison.
# Teaching Program

The Gold Coast Mental Health Service has a dedicated Monday afternoon teaching program which includes Grand Rounds, Journal Club, Peer Review, Year level meetings and Exam preparation sessions.

Psychotherapy supervision is provided by the service. We have strong links with the two medical schools - Griffith University and Bond University.
We offer significant support to overseas trained doctors and support preparation for SIMGE Candidates.

# Remuneration

Queensland has one of the most competitive remuneration packages in Australia.
Relocation packages are also available.

# The Future

Having moved into the new Gold Coast University Hospital, which is a major Tertiary hospital co-located with Griffith University we are focused on growing our service to meet the ongoing needs of our community.
Significant career opportunities exist as the Mental Health service continues to grow.

# Lifestyle

The Gold Coast is one of the world’s most desirable destinations; a subtropical paradise with over 40 kilometres of world renowned beaches and beautiful rainforest hinterland surrounding Australia’s sixth largest city. A progressive, innovative, multicultural city offers one of the most diverse arrays of careers, business, investment, entertainment and cultural pursuits in Australia.
