

Bard IC (Infection Control) - Male

Continence Aids Product Information Sheet

Description of Product: Bardex IC (Infection Control) Male Length Indwelling Catheters are manufactured with a silver content hydrogel coating over a latex core. The silver content is designed to assist with reducing the incidence of urinary tract infections by its anti-microbial action. These catheters are designed with an inflatable balloon for long term use in combination with drainage equipment (e.g., catheter valve, leg bags and night drainage bags).

NB: Not suitable for people with spina bifida or latex sensitivity.

Available in:

Product Name	Product Code	Size	Measurement	Balloon Size	Colour	Current MASS Distributor
Bardex IC (Infection Control)	0165SI12	12fg	43cm	10mL	white	Independence
