# DOH DISCLOSURE LOG

## Queensland Ambulance Service: Operational Incident Reporting

# Significant Incident Review

## Mackay District

**Authority:**

By authority of Loretta Johnson, Acting Mackay District Manager and as per OPO4.0 the State District Operations procedure: Operational Incident Review Process and endorsed by the Commissioner to provide an incident report following a significant event.

**Executive Summary:**

At 14:27 hours on Saturday 26<sup>th</sup> February 2022 the Queensland Ambulance Service (QAS) received a 000 call to attend an Allergy / envenomation, involving a 14-year-old male, the patient had ineffective breathing / agonal breaths, stung by a Box Jellyfish to both legs and one arm. The scene address was the Surf Life Savers Club, Eimeo Beach Eimeo.

- Incident Number: 15527699
- Response determinant Code 1A
- AMPDS code 02RE01

Three units were dispatched:

- Unit 2137- ACP2 Crew
- Unit 2142 - ACP2 Crew
- Unit 2512 – FCCP

A further two Units were dispatched to source Antivenom for Mackay Base Hospital and ongoing patient management.

- Sarina Unit 2199 - ACP2 single Officer Retrieved the station stock to MBH
- Unit 2535 – A/OS ACP2 Other resources on scene:
- Queensland Police Service (QPS)
- Surf Life Saving Queensland life savers

# DOH DISCLOSURE LOG

## Queensland Ambulance Service: Operational Incident Reporting

### Terms of Reference:

This review will investigate all aspects of ambulance responses to incident 15527699.

The review will examine ambulance operations prior to, during and following the response. This will be conducted by Acting SOS **Irrelevant**

This review will include all requirements outlined in the *Operational Incident Review Process*.

### District Clinical Incident Summary Report:

A District Level Clinical Review was undertaken by Clinical Support Officer **Irrelevant**. The review considered patient assessment, clinical decision making, treatment and cares provided as well as clinical documentation standards.

eARF number 504158425 was reviewed in Eclipse with the following information:

- Eclipse review ID number – 49809
- EARF number - 504158425
- Documentation was at standard.
- The pharmacology was administered as per the QAS Drug Therapy Protocols
- The patient was managed in line with the QAS Clinical Practice Guidelines.
- The clinical interventions did align with the QAS Clinical Practice Procedures.
- The final outcome of the review was – at standard and the review was finalised.

# DOH DISCLOSURE LOG

## Queensland Ambulance Service: Operational Incident Reporting

### Incident Review/Investigation:

#### Scope:

The review of this incident was conducted by **Irrelevant** Mackay District Acting Senior Operations Supervisor and considered the following:

- Incident Detail Report, Incident Number 15527699.
- Digital Ambulance Report Form 504158425 associated with this incident.
- Geographical data of the incident location in proximity to the resources deployed in response.
- Response times of all QAS resources responding to the incident.
- Skill sets of Officers deployed to the incident.
- Clinical condition of patients involved; and
- Any workplace health and safety issues arising from the incident.

#### Background of Incident:

On the afternoon of Saturday 26<sup>th</sup> of February 2022, a triple zero call was received from surf life savers on duty at Eimeo Surf Club, located on Eimeo Esplanade, Eimeo Beach. The call was to attend a 14-year-old male who had been stung by a box jellyfish and had ineffective / agonal breathing. Two QAS Units were immediately dispatched from North Mackay Station to the scene and another unit with a Critical Care Paramedic was dispatched from Mackay Station. North Mackay Unit 2142 communicated they would have a short delay due to organising Box-Jellyfish anti-venom (removing from the plant room fridge, storing in an esky box with a cold pack for transit). Mackay Unit 2501 from Mackay Station had also relayed a similar message at the time of dispatch.

The first unit arrived on scene within ten minutes of being dispatched and stated immediately that they could see the patient and Cardio-Pulmonary Resuscitation (CPR) was being performed. At 14:45 Unit 2142 confirmed that the patient was a 14-year-old male and was in cardiac arrest – confirmed box jellyfish envenomation. At 14:47 an estimated time of arrival (ETA) was sought for Unit 2501 who stated it was approximately five minutes from scene, arriving at 14:50 hours.

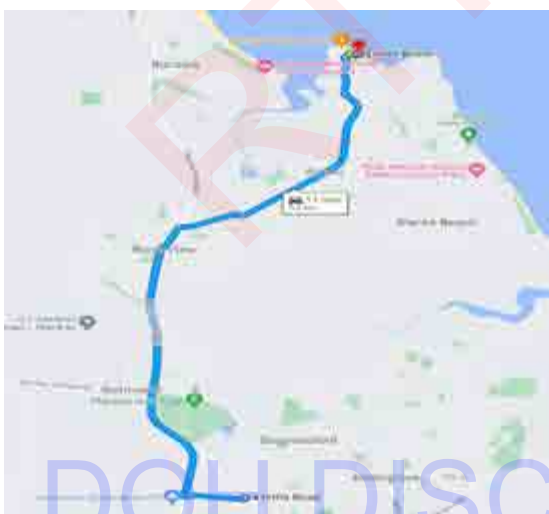

At 15:16 hours a further SITREP was given by Unit 2137 stating the 14-year-old male had run from the surf, envenomation to both legs, mechanical CPR machine was being used, 2 doses of anti-venom and adrenaline had been administered – CPR was still in progress with the ECG indicating asystole. Shortly after this the patient was transported under lights and sirens through to Mackay Base Hospital (MBH) which had been pre-notified of their arrival.

### Queensland Ambulance Service: Operational Incident Reporting

At approximately 15:26 hours, Mackay Base Hospital bed manager **Irrelevant** called Officer **Irrelevant** (Acting Operations Supervisor) and stated that MBH only had two doses of anti-venom and required another two doses. **Irrelevant** also stated that Sarina Hospital and Primary Health Care Centre (SHPHCC) had two doses that could be used. Officer **Irrelevant** called the Operations Centre Supervisor (OCS) to ascertain QAS local stock levels of anti-venom locally from staff on stations, resulting in none being readily available in Mackay. As a result of this situation Sarina Unit 2199 was dispatched Code one from Sarina Station to MBH with Sarina Station's only two vials of anti-venom, which was later replaced by SHPHCC.

## Queensland Ambulance Service: Operational Incident Reporting

## Officer(s) Involved:

Primary Response Officers:		
Officer Name	Classification	Station
Irrelevant	Advanced Care Paramedic 2	North Mackay
	Advanced Care Paramedic 2	North Mackay
	Critical Care Paramedic	Mackay
	Advanced Care Paramedic 2	North Mackay
	Advanced Care Paramedic 2	North Mackay
	Advanced Care Paramedic 2	Sarina
	Operational Supervisor	District Office Mackay

## Patient Conditions:

<b>Patient 1:</b> (DARF:504158425)	14-year-old male, box Jellyfish envenomation, CPR in progress
---------------------------------------	---

## Timeline:

Time:	Activity:
14:28	Go to the Surf Club
14:30	02E01 (ineffective breathing) stung by box jelly, 2x legs & 1 arm
14:30	They have a defib on the patient
14:30	Dispatched Unit 2142
14:31	Dispatched Unit 2137
14:31	Dispatched Unit 2512
14:31	He has been stung by a box jellyfish/tropical jellyfish, he is out of the water he is not completely alert, he has difficulty breathing or swallowing, it's not known if he has a severe

## Queensland Ambulance Service: Operational Incident Reporting

	allergic reaction before, it's not known if he has any specific injections or other medications to treat this type of reaction.
14:31	Defib indicates patient has a heart rate
14:32	2142 slight delay to organise antivenom
14:32	2512 short delay to get antivenom
14:33	Analysing now no shock advised
14:33	CPR started
14:36	Patient Breathing
14:37	Life savers treating the patient
14:38	Machine analysing no shock advised
14:38	Unit 2142 needs a cross street
14:39	Bystander at the club house and will direct to the patient-in front of the tower approximately 10mts between the flags
14:39	Call from surf lifesaving emergency centre- not with patient CPR in progress, he is breathing on his own but shallow gasping for air
14:40	Analysing- no shock advised CPR advised
14:41	Unit 2142 eyes on patient on breach-CPR in progress
14:42	Analysing-no shock advised
14:43	Sitrep 14-year-old male, not conscious, agonal/ineffective breathing
14:46	Unit 2142 confirm asystole arrest – confirmed box jelly envenomation
14:46	14-year-old male in cardiac arrest post jellyfish sting – QAS on scene at the surf club
14:47	2512 ETA Eimeo DR now 5 min
15:16	Unit 2137 sit rep: 14-year-old male run from surf envenomation both legs – mech CPR Machine- 2x antivenom and adrenaline –CPR still in process - asystole
15:19	Dispatched unit 2535
15:22	2142 Irrelevant –Tx code 1-Irrelevant driving 2512- QPS driving 2137
15:28	Unit 2535 is going code 1 to North Mackay Station for antivenom as hospital doesn't have any - Operations Centre Supervisor (OCS) phoned officer Irrelevant to have all anti venom ready for collection
15:30	OCS called officer Irrelevant he will check South Mackay for any antivenom and take to MKBH
15:33	Unit 2199 from Sarina was dispatched with anti-venom to MBH
17:17	Unit 2142 will be out of service – need to restock

**Response Times (incident 15527699):**

The time stamps for incidents as follows:

Time Stamps:	Time:
Phone Pick Up:	14:27:22
Waiting in Queue:	14:30:11
Assigned:	14:30:47
1 <sup>st</sup> Unit Enroute:	14:31:47
1 <sup>st</sup> Unit Arrived:	14:40:43
Time of call to first unit on scene:	13 min 21 sec

The breakdown of the timed intervals for this incident are as follows:

Interval:	Time:
Activation Interval:	00:36
Turnout Interval:	01:00
Travel Interval:	08:56
Scene Interval:	44:25
Transport Interval:	15:07
Response Time:	10:32

## Queensland Ambulance Service: Operational Incident Reporting

## Review Recommendations:

## Outcomes/ Concerns of SIR:

## Outcomes:

- Patient died from his injuries.
- Nationwide media coverage of incident.

## Concerns:

- The Statewide shortage of Box Jelly Antivenom.
  - All stations have supplies.

## Recommendations/Intended Actions:

## Actions Post Event:

- PSO activation
- A Hot Debrief was undertaken at Mackay Base Hospital and lead by CCP Officer **Irrelevant**. Officer **Irrelevant** identified no clinical concerns with the patient management, however this case was a difficult logistic case.
- Email notification to all coastal stations to ensure their stock levels are correct.
- Transfer of Antivenom from Calen Station to Mackay station. This was to ensure a supply was available in Mackay in the event of another incident.
- Acting Operations Supervisor Wells and Critical Care Paramedic **Irrelevant** attended the Eimeo Surf Life Saving Club the following day to meet with life savers to give them feedback on the invaluable assistance they provided.

## Queensland Ambulance Service: Operational Incident Reporting

- MCE Mackay is visiting the Mackay QPS and thanking them for their assistance.
- Mackay and North Mackay Stations have been restocked levels of Box Jellyfish Antivenom.
- Central Region Clinical Governance Committee has reviewed the case and has sent “Thank You Letters” to attending staff.

## Queensland Ambulance Service: Operational Incident Reporting

# Significant Incident Review

## Mackay District

### Authority:

By authority of Loretta Johnson, Acting Mackay District Manager and as per OPO4.0 the State District Operations procedure: Operational Incident Review Process and endorsed by the Commissioner to provide an incident report following a significant event.

### Executive Summary:

On Tuesday 1<sup>st</sup> March 2022 at 16:34 hours, the Queensland Ambulance Service (QAS) received a triple zero call to **Irrelevant** Kuttabul, for a single vehicle into a tree with one male person entrapped. Incident number 15542390

- Incident Number: 15542390
- Response determinant Code 1A
- AMPDS code 29D07

Three units were dispatched:

- Unit 2333 - ACP2 Crew (single officer)
- Unit 2126 – ACP2 crew
- Unit 2534 - ACP2 Crew (single officer SOS)
- Unit 2183 – CCP crew (single officer)
- Unit 2512 & Rescue Helicopter 8412 – FCCP (single officer) and Lifeflight Doctor.

Other resources on scene:

- Queensland Police Service (QPS).
- Queensland Fire & Emergency Service (QFES).

# DOH DISCLOSURE LOG

## Queensland Ambulance Service: Operational Incident Reporting

### Terms of Reference:

This review will investigate all aspects of ambulance responses to incident 15542390.

The review will examine ambulance operations prior to, during and following the response. This will be conducted by Sarina OIC **Irrelevant**

This review will include all requirements outlined in the *Operational Incident Review Process*.

### District Clinical Incident Summary Report:

A District Level Clinical Review was undertaken by Acing MCE **Irrelevant**

The review considered patient assessment, clinical decision making, treatment and cares provided. As well as clinical documentation standards.

The incident number 15542390 was reviewed in Eclipse with the following information:

- Eclipse review ID number – 49870
  - EARF number - 504167355

## Queensland Ambulance Service: Operational Incident Reporting

### Incident Review/Investigation:

#### Scope:

The review of this incident was conducted by Sarina OIC **Irrelevant** and considered the following:

- Incident Detail Report, Incident Number 15542390.
- Digital Ambulance Report Forms 504167237, 504167355 & 504168713 associated with this incident.
- Geographical data of the incident location in proximity to the resources deployed in response.
- Response times of all QAS resources responding to the incident.
- Skill sets of Officers deployed to the incident.
- Clinical condition of patients involved; and
- Any workplace health and safety issues arising from the incident.

#### Background of Incident:

On Tuesday 1<sup>st</sup> March 2022 at 16:34 hours, the Queensland Ambulance Service (QAS) received a triple zero call to **Irrelevant** Kuttabul, for a single vehicle into a tree with one male person entrapped. Incident number 15542390

A QAS single Officer was dispatched in Unit 2333 from Calen Ambulance Station to respond to **Irrelevant Irrelevant** Kuttabul where a 22-year-old male was involved in a single vehicle RTC at high speed into a tree.

QAS unit 2333 arrived on scene to find the vehicle on its side against a tree. There was major damage to the roof of the vehicle with damage to the A and B pillars and the right door was missing. The patient was lying laterally across the front seat and dash with his legs trapped and had a GCS of 14.

The Senior Operations Supervisor (SOS) unit 2534, Mackay ACP2 crew unit 2126, Mackay CCP unit 2183 and the Rescue Helicopter 8412 were all attached to the case.

The SOS Unit 2534 arrived on scene at 1704. Mackay Unit, 2126 arrived at 1710 to assist the Calen unit and the SOS free the male patient from the vehicle with the assistance of Queensland Fire & Emergency Services (QFES). During this time the male patient's GCS decreased and bilateral chest needle decompressions were performed in the vehicle.

CCP unit 2183 arrived on scene at 1714 and the Rescue Helicopter 8412 arrived on scene at 1720.

The male patient had been extricated and was unconscious and in cardiac arrest and placed on the stretcher with CPR being commenced and an airway was established with an ETT by a CCP. Bilateral finger thoracostomy was performed by the Lifeflight Doctor. The patient had no obvious injuries to his head, chest or abdominal regions but open and closed fractures to his upper and lower limbs.

## Queensland Ambulance Service: Operational Incident Reporting

ROSC was achieved for short periods following fluid resuscitation. Due to the patient's unstable condition the decision was made to transport via road. During transport the patient was given 4 units of blood with ROSC sustained.

The patient arrived at Mackay Base Hospital with radial pulses and was rapidly assessed in the emergency department and taken to surgery.

The patient was announced as deceased later that night.

## Queensland Ambulance Service: Operational Incident Reporting

## Review Recommendations:

## Outcomes/ Concerns of SIR:

## Concerns:

- High speed (133 km.hr) by Unit 2183 at one point.
  - A/OIC Mackay has reviewed high speed concerns with Unit 2183 driver and has spoken to Officer *Irrelevant*. It's noted that this speed of 133km/h was a single time via AVL. Officer *Irrelevant* was cooperative and engaging in the discussion and would consider these recommendations.
- High speed (126 km/hr) by Unit 2333 at two points.
  - MCE *Irrelevant* has reviewed high speed concerns with Unit 2333 Officer *Irrelevant* and spoke in relation to the recorded speed of *Irrelevant* via AVL. It was reinforced the importance of safe driving, braking distances, reaction times. Officer *Irrelevant* was cooperative and engaging in the discussion and would consider these recommendations and use these strategies in future.
