Content acknowledgement

Some of the content and concepts have been drawn from the excellent work that has been undertaken elsewhere in Australia.

- Educator fact sheets and parent pamphlets were derived from information supplied by Dental Services, Department of Health, Western Australia.
- Sample nutrition policies have been incorporated from *Caring for Children: Food, Nutrition and Fun Activities*, Department of Health, New South Wales.
- The background for some curriculum strategies and toothbrushing programs have been adapted from materials produced by Dental Health Services, Victoria.
- Both the *Dear Liza Tooth Song* and *Sparkle Sparkle Little Teeth* have been generously supplied by Dental Health Services, Victoria.
- The background for toothbrushing programs has been incorporated from Oral Health Services, Metro South Health Service District (Logan–Beaudesert and Bayside), Queensland Health.
- It is also important to note that every effort has been made to align the Happy Teeth program with the *Germ Busters Early Childhood* program therefore many of the characters and tools have been reproduced.
