

Medical Administration training preference guide

RMO Campaign 2023

A Queensland Health State-wide selection panel meets to consider applications from prospective candidates eligible for training with the [Royal Australasian College of Medical Administrators](#) (RACMA). To be selected onto the [Fellowship Training Program](#) (FTP) with RACMA, applicants must apply directly to the college for candidacy to be allocated a registrar position. Evidence of Candidacy with RACMA is required to be appointed as a Registrar by Queensland Health.

In Queensland, for an employment contract to be issued by a training facility, applicants **MUST ALSO** submit an application via the [RMO Campaign applicant portal](#). For further information on the individual facilities including contact details, please refer the [Participating hospital contacts and facility profiles](#) page on the RMO Campaign website.

RMO application: Step 10 Preferences

At **Step 10: Preferences** of the online RMO application, if you are on or have applied to be selected onto the college process, you **MUST** complete your first preference as follows:

What is your first preferred facility? *

College/Pathway/Network (Determined)

What is your first preferred position? *

Registrar

What is your first preferred Specialty? *

Medical Administration

What is your first preferred Sub-Specialty? *

None (Med Admin)

As up to 5 preferences may be recorded as part of the application, it is recommended that applicants utilise a lower preference to indicate which positions they may be interested in if they are not selected to their preferred position. You can search for alternative vacancies by using the [Position search tool](#) on the RMO website.
