

Clinical Genetics facility preference guide

RMO Campaign 2023

To be selected for [Advanced Training in Clinical Genetics](#) with the [Royal Australasian College of Physicians \(RACP\)](#), applicants must first secure a position within an accredited training facility.

In Queensland, to be selected by an accredited training facility, applicants MUST apply via [RMO Campaign applicant portal](#) and preference individual facilities. For further information on the individual facilities including contact details, please refer the [Participating hospital contacts and profiles](#) page on the RMO Campaign website.

RMO application: Step 10 Preferences

At **Step 10: Preferences** of the online RMO application, applicants who wish to apply for the position/s listed below, are advised to enter the combinations as displayed:

What is your first preferred facility? *
Royal Brisbane and Women's Hospital
What is your first preferred position? *
Registrar
What is your first preferred Specialty? *
Medicine
What is your first preferred Sub-Specialty? *
Clinical Genetics

The above is illustrative only and is not suggestive as to the exact order in which facilities should be preferred

As up to 5 preferences may be recorded as part of the application, it is recommended that applicants utilise a lower preference to indicate which positions they may be interested in if they are not selected to your preferred position. You can search for alternative vacancies by using the [Position search tool](#) on the RMO website.
