

Supporting deaf individuals with complex needs in mental health

It is highly recommended clinicians register in the **Advanced Clinical Workshop**. The online workshop aims to put skills and knowledge and cultural awareness into practice, when responding to the needs of deaf individuals presenting with mental health issues.

Prerequisite training includes:
Deafness and Mental Health Introduction and
Deafness and Mental Health Intermediate,
accessed via [iLearn](https://ilearn.health.qld.gov.au/) or
via <https://ilearn.health.qld.gov.au/> for external users to Queensland Health

20th February, 18th June & 8th October 2024

At a reduced cost \$99

<https://www.pafoundation.org.au/2024-supporting-deaf-individuals-workshops>

Working with Interpreters: An in-depth review including common mistakes, barriers and challenges.

Conducting assessments: The importance of Deaf history for MSE and other assessments. Models of care and outcomes.

Consumer perspectives: Perspectives on access to service. Opportunity for Q & A with members of the Deaf Community.

Case studies: appropriate diagnosis and treatment plans

All sessions:

- Are interactive on Microsoft teams
- Are based on adult learning principles
- Are facilitated by skilled experienced trainers
- Are grounded in the latest evidence and practice-based research
- Includes firsthand experiences of Deaf consumers

Attendees will receive a certificate of attendance upon completion.
Book now at **Eventbrite**, spaces are limited.
