Notes about this data:

<> The headcounts + occupied FTE’s in this report include only Active/Paid staff in-line with Whole of Government MOHRI definitions (MOHRI = Minimum Obligatory Human Resource Information). It excludes those staff on extended unpaid leave.

<> The data is taken from the last captured pay period of each financial year. Where a district has no data for some years, this is because either the data wasn’t captured for that year (corporate office 1995/96) or the district didn’t exist prior to the years listed (most of the statewide services group). Note that although aggregated data is available back to 1996, further breakdowns are not available until LATTICE was implemented in 2003. Implementation of the SAP Payroll system took place during the 2009/2010 financial year.

<> Note that the 2002 and 2003 Visiting Medical Officers stream data will differ from the actual reported MOHRI data at the time due to a change in the system calculation from 60 hours per fortnight to 80 hours per fortnight. This has been corrected back to 60 standard hours per fortnight in this data which increases the FTE.

<> The ‘Hlth Prac / Prof / Tech’ combines employees from the Allied Health / Professionals / Scientists, Technical and Health Practitioners streams.

<> The definition of clinical streams in this report is Nursing, Medical, VMO’s and Health Practitioner / Professional / Technical. The other streams are considered non-clinical although the majority of those staff are providing services in districts (eg wardsperson, clinical coder etc).
