

Notice no.: 1.001

COMMISSION OF INQUIRY INTO DNA PROJECT 13

Section 5(1)(b) of the *Commissions of Inquiry Act 1950*

REQUIREMENT TO PRODUCE DOCUMENTS

To: Queensland Health
c/o Dyaln Hampson, Executive Director
Bennett Commission of Inquiry, Strategy, Policy and Reform
Queensland Health
Level 10, 33 Charlotte Street
Brisbane QLD 4000

By email: [Dylan \[REDACTED\]@health.qld.gov.au](mailto:Dylan[REDACTED]@health.qld.gov.au); [COI \[REDACTED\]@health.qld.gov.au](mailto:COI[REDACTED]@health.qld.gov.au);
[Bennett \[REDACTED\]@health.qld.gov.au](mailto:Bennett[REDACTED]@health.qld.gov.au)

I, Dr Annabelle Bennett AC SC, Commissioner, appointed pursuant to *Commissions of Inquiry Order (No.1) 2023* to inquire into matters relating to 'Project 13. Report on the Verification of an Automated DNA IQ™ Protocol using the MultiPROBE® II PLUS HT EX with Gripper™ Integration Platform' (the Commission), require you to produce the following documents to the Commission pursuant to section 5(1)(b) of the *Commissions of Inquiry Act 1950*:

- All documents listed in the schedule attached to this notice.

YOU MUST COMPLY WITH THIS REQUIREMENT BY PROVIDING THESE DOCUMENTS BY 9:00AM AEST ON FRIDAY 20 OCTOBER 2023 BY:

- delivering the documents to Commission staff at 111 George Street, Brisbane QLD 4000 by arrangement with Commission staff.

Your legal representative may attend and produce the documents in your stead.

If you believe that you have a reasonable excuse for not complying with this notice, you will need to satisfy me of this prior to the above time and date.

DATED this 19th day of October 2023

.....
Dr Annabelle Bennett AC SC
Commissioner
Commission of Inquiry into DNA Project 13

DOH DISCLOSURE LOG COPY

Notice no.: 1.001

Schedule of documents and information

No	Description of document/s
Information	
1.	Documents recording consideration of, or discussions or decisions about acquiring, the MultiPROBE® II PLUS HT EX with Gripper™ Integration Platform for the purpose of automating the DNA IQ system employed by Queensland Health Forensic and Scientific Services, including discussion or consideration of any alternative automated platform(s) to the MultiPROBE® II PLUS HT EX with Gripper™ Integration Platform, between 1 January 2007 and 29 October 2007.
2.	Documents recording any concerns or issues raised about the suitability, ability or reliability of the MultiPROBE® II PLUS HT EX with Gripper™ Integration Platform in relation to extracting DNA for analysis as part of the DNA IQ system used by Queensland Health Forensic and Scientific Services, and any response, recommendation or action taken in response to any such concerns or issues.
3.	<p>Documents recording any alterations or modifications made, requested or suggested by: (i) staff or management of Queensland Health Forensic and Scientific Services, or (ii) the platform's manufacturer or distributor, to the factory settings or the recommended settings of the MultiPROBE® II PLUS HT EX with Gripper™ Integration Platform for the purposes of any automated method of extracting DNA for analysis as part of the DNA IQ system used by Queensland Health Forensic and Scientific Services between 24 October 2007 and 21 November 2016, including:</p> <ul style="list-style-type: none"> (a) records of any such alteration or modification and the reasons for implementing it/them; (b) records of any consultation or conferral by Queensland Health Forensic and Scientific Services staff or management: (i) internally; (ii) with the manufacturer or distributor or both of the MultiPROBE® II PLUS HT EX with Gripper™ Integration Platform; or (iii) with any third party expert in automatic DNA extraction, about any such alteration or modification and the consequences thereof; and

DOH DISCLOSURE LOG COPY

	<p>(c) records of any authorisation given for any such alteration or modification whether by any person within Queensland Health Forensic and Scientific Services or externally (such as the platform's manufacturer or distributor or a third-party independent auditor or expert).</p>
4.	<p>Documents recording any alterations made by staff or management of Queensland Health Forensic and Scientific Services between 24 October 2007 and 21 November 2016 to the methods of DNA extraction developed for use in the DNA IQ system used by Queensland Health Forensic and Scientific Services between 24 October 2007 and 21 November 2016 for the purposes of use with the MultiPROBE® II PLUS HT EX with Gripper™ Integration Platform, including but not limited to:</p> <ul style="list-style-type: none"> (a) identification of changes to extraction volumes, temperature or other parameters, whether as part of a manual or automatic DNA extraction methods; (b) the inclusion of an additional lysis step to the manual method of DNA extraction for the DNA IQ system; (c) the timing of and reasons for each change identified at 4(a) and 4(b) above; and (d) any validations or reports for the purposes of the changes identified at 4(a) and 4(b) above.
5.	<p>Any document concerning the operation of the MultiPROBE® II PLUS HT EX with Gripper™ Integration Platform in relation to automatic extraction of DNA for analysis that were provided to Queensland Health Forensic and Scientific Services by that platform's manufacturer or distributor or the receipt of any document from other laboratories using the MultiPROBE® II PLUS HT EX with Gripper™ Integration Platform related to the validation of the manual method, including but not limited to any document which describes or discusses the ability or capability of the MultiPROBE® II PLUS HT EX with Gripper™ Integration Platform to extract DNA for analysis (including by comparison with any other automated extraction device or method, or by comparison with any manual DNA extraction method).</p>

DOH DISCLOSURE LOG COPY

6.	<p>Lists or other such documents, including but not limited to such documents prepared for or provided to the interim advisory board for Forensic Science Queensland, identifying:</p> <ul style="list-style-type: none"> (a) the number of tested DNA samples (i) affected, or (ii) compromised by the use of the MultiPROBE® II PLUS HT EX with Gripper™ Integration Platform in any automated method of extracting DNA for analysis as part of the DNA IQ system used by Queensland Health Forensic and Scientific Services between 29 October 2007 and 21 November 2016; (b) which tested DNA samples identified at 5(a) above have been (i) retained by Queensland Health Forensic and Scientific Services or any successor entity and (ii) are capable of yielding sufficient DNA to be retested; and (c) persons able to speak to the DNA extraction process undertaken, including in respect of each tested DNA sample.
7.	<p>Lists or other such documents, including but not limited to such documents prepared for or provided to the interim advisory board for Forensic Science Queensland, identifying:</p> <ul style="list-style-type: none"> (a) the number of tested DNA samples identified at 6(a) above for which the source material from which they were extracted has been retained by or is accessible to Queensland Health Forensic and Scientific Services or any successor entity; (b) the number of source material items identified at 6(a) above that are capable of yielding sufficient DNA to be tested; (c) persons able to speak to the matters identified at 7(a) and 7(b) above.
8.	<p>All drafts of the report dated August 2008, prepared by Nurthen, Hlinka, Muharam, Gallagher, Lundie, Iannuzi and Ientile entitled: "Project 13: Report on the Verification of the Automated Extraction Chemistry Kit using the MultiPROBE® II PLUS HT EX with Gripper™ Integration Casework Platform" (2008 Project 13 Report).</p>
9.	<p>All documents recording or evidencing any directions given in relation to the preparation of the 2008 Project 13 Report.</p>
10.	<p>All documents recording or evidencing any discussions or communications between any of the named authors of the 2008 Project Report in relation to the preparation of the 2008 Project 13 Report.</p>

11.	All documents recording or evidencing any discussions or communications between any of the named authors of the 2008 Project 13 Report and any supervisor or person in a position of management in relation to the purpose of, or intended purpose of the 2008 Project 13 Report.
12.	All documents recording or evidencing the verification of, and/or any due diligence or testing conducted for the purpose of verification of, the introduction of the automated system referred to in the 2008 Project 13 Report, including any instructions given for undertaking of any such verification, due diligence or testing.
13.	Documents recording consideration of, or discussions or decisions about the recommendations set out in the report titled 2008 Project 13 Report.
14.	Documents recording any distribution, circulation or provision of the 2008 Project 13 Report either (i) within Queensland Health Forensic and Scientific Services, or (ii) to any external organisation or instrumentality including but not limited to the Queensland Police Service.
15.	Documents recording any concerns or complaints raised or made by any member of staff of the Queensland Health Forensic and Scientific Services to any supervisor or member of management of the Queensland Health Forensic and Scientific Services regarding the recommendations set out in the 2008 Project 13 Report.
16.	A copy of the report dated 2007, prepared by Nurthen, Hlinka, Muharam, Gallagher, Lundie and Iannuzzi entitled "Project 13: Report on the Verification of the Automated Extraction Chemistry Kit using the MultiPROBE® II PLUS HT EX with Gripper™ Integration Casework Platform" (2007 Project 13 Report).
17.	Any record of whether and how the 2007 Project 13 Report was provided to the Commission of Inquiry that was established by the <i>Commissions of Inquiry Order (No.3) 2022 (Commission of Inquiry into Forensic DNA Testing in Queensland)</i> , including but not limited to any Notice to Produce in response to which it was provided.
18.	All drafts of the 2007 Project 13 Report.
19.	All documents recording or evidencing any directions given in relation to the preparation of the 2007 Project 13 Report.

DOH DISCLOSURE LOG COPY

20.	All documents recording or evidencing any discussions or communications between any of the named authors of the 2007 Project 13 Report in relation to the preparation of the 2007 Project 13 Report.
21.	All documents recording or evidencing any discussions or communications between any of the named authors of the 2007 Project 13 Report and any supervisor or person in a position of management in relation to the purpose of, or intended purpose of, the 2007 Project 13 Report.
22.	All documents recording or evidencing the verification of, and/or any due diligence or testing conducted for the purpose of verification of, the introduction of the automated system referred to in the 2007 Project 13 Report
23.	Minutes of the extraordinary meeting of the Queensland Health Forensic and Scientific Services management team held on 14 July 2008 (the 2008 Meeting).
24.	All documents recording or evidencing any discussions or communications between the persons who participated in the July 2008 Meeting with respect to the matters discussed, or proposed to be discussed, at the July 2008 Meeting.
25.	With respect to the memorandum sent by Vanessa Ientile to 'DNA Analysis' dated 14 July 2008, ¹ all documents which identify the persons who formed the group titled 'DNA Analysis'.
26.	<p>Any record of how the following documents were provided to the Commission of Inquiry into Forensic DNA Testing in Queensland, including but not limited to any Notice to Produce in response to which it was provided:</p> <ul style="list-style-type: none"> (a) The document titled "Automated DNA Extraction with the DNA IQ™ Kit Training Module" valid from 5 August 2008;² (b) The document titled "Automated DNA IQ™ Method of Extracting DNA from Blood and Cell Substrates" valid from 24 October 2007;³ (c) The document titled "DNA IQ™ Method of Extracting DNA from Blood and Cell Substrates" valid from 11 January 2008;⁴

⁴ <https://www.dnainquiry.qld.gov.au/public-hearings/exhibits.aspx#m4> (Exh 129.12).

	(d) The document titled "DNA Q™ Method of Extracting DNA from Casework and Reference Samples" valid from 27 March 2008. ⁵
27.	Documents recording any validation or verification by Queensland Health Forensic and Scientific Services of any methods of DNA extraction using the Promega Maxwell device as part of the DNA IQ process by Queensland Health Forensic and Scientific Services between 1 January 2010 between 21 November 2016, including any comparisons made with methods already in use at the time by Queensland Health Forensic and Scientific Services, and in particular any comparison with the manual DNA IQ method.
28.	Documents recording any or all of the following: <ul style="list-style-type: none"> (a) whether the method recommended for the use of MultiPROBE® II PLUS HT EX with Gripper™ Integration Platform in DNA extraction for analysis by that device's manufacturer was adopted; (b) any comparisons made between the method identified at 28(a) above and any manual method developed by Queensland Health Forensic and Scientific Services for the purposes of (i) verification or (ii) validation of the latter method; (c) any comparisons made between the method identified at 28(a) above and any other manual method for the purposes of (i) verification or (ii) validation of the latter method.

Notice no.: 1.002

COMMISSION OF INQUIRY INTO DNA PROJECT 13

Section 5(1)(b) of the *Commissions of Inquiry Act 1950*

REQUIREMENT TO PRODUCE DOCUMENTS

To: Queensland Health
c/o Dyaln Hampson, Executive Director
Bennett Commission of Inquiry, Strategy, Policy and Reform
Queensland Health
Level 10, 33 Charlotte Street
Brisbane QLD 4000

By email: [Dylan \[REDACTED\]@health.qld.gov.au](mailto:Dylan[REDACTED]@health.qld.gov.au); [COI \[REDACTED\]@health.qld.gov.au](mailto:COI[REDACTED]@health.qld.gov.au);
[Bennett \[REDACTED\]@health.qld.gov.au](mailto:Bennett[REDACTED]@health.qld.gov.au)

I, Dr Annabelle Bennett AC SC, Commissioner, appointed pursuant to *Commissions of Inquiry Order (No.1) 2023* to inquire into matters relating to 'Project 13. Report on the Verification of an Automated DNA IQ™ Protocol using the MultiPROBE® II PLUS HT EX with Gripper™ Integration Platform' (the Commission), require you to produce the following documents to the Commission pursuant to section 5(1)(b) of the *Commissions of Inquiry Act 1950*:

- (a) Any and all reports produced by or on behalf of Professor Linzi Wilson-Wilde, dated after 31 July 2023, provided to a subcommittee of the interim Advisory Board to Forensic Science Queensland, or any member thereof, and concerning cases affected by an issue or issues arising from 'Project 13. Report on the Verification of an Automated DNA IQ™ Protocol using the MultiPROBE® II PLUS HT EX with Gripper™ Integration Platform', including but not limited to the merits of their being reviewed;
- (b) minutes of any and all subcommittee meeting or meetings wherein the report or reports identified at (a) above were considered;
- (c) the minutes of any and all meetings of the interim Advisory Board wherein any recommendation from its subcommittee concerning the report identified at (a) above were considered; and
- (d) A copy of any and all reports of an audit of the Queensland Health Forensic and Scientific Services laboratory undertaken by the National Association of Testing Authorities (otherwise known as NATA) in or about 2007 to 2008.

YOU MUST COMPLY WITH THIS REQUIREMENT BY PROVIDING THESE DOCUMENTS BY 9AM AEST ON TUESDAY, 24 OCTOBER 2023 BY:

- delivering the documents to Commission staff at 111 George Street, Brisbane by arrangement with Commission staff.

Your legal representative may attend and produce the documents in your stead.

If you believe that you have a reasonable excuse for not complying with this notice, you will need to satisfy me of this prior to the above time and date.
