Building Nambour General Hospital together

Sunshine Coast Hospital and Health Service (SCHHS) is excited to be hosting its third open community forum to discuss the exciting future of Nambour General Hospital!

Residents are invited to join the community forum on **Tuesday 23 July** at the **Nambour RSL**.

The Nambour General Hospital Redevelopment Project team, construction partner Lendlease, along with key SCHHS clinicians is pleased to provide an update on the project, current and future services and what the community can expect as this exciting development takes shape.

“Nambour General Hospital has a proud history of providing services to the Sunshine Coast community since the 1920s, and we know has a special place in the heart of many who live in this community. We hope our consumers will take the opportunity to come along and hear about the positive changes, as well as provide their feedback.

“We will be sharing updates on enhancements to a range of services at Nambour General Hospital including Emergency, Mental Health and Addiction Services, to name just a couple,” Adj Prof Dwyer said.

“We really want to engage the Nambour and surrounding communities so that they are part of this important journey with us.”

The update from SCHHS and Lendlease will be followed by a question and answer session.

MEDIA OPPORTUNITY

Join us at the Community Forum.

Date: Tuesday, 23 July 2019

Time: 4pm – 5pm

Location: Nambour RSL
