Progression for visiting dental specialists is to be by annual increments to the 5th year rate from the date of commencing duty, i.e. after a period of 12 months continuous service, not after the equivalent hours of 12 months full-time service.

8.8 Progression – visiting oral surgeons

Progression for visiting oral surgeons is to be by annual increments to the 5th year rate from the date of commencing duty, i.e. after a period of 12 months continuous service, not after the equivalent hours of 12 months full-time service.

Visiting oral surgeons who meet the criteria in section 8.9 are to progress further from the 5th year rate by annual increments to the 7th year rate. The 10 years and thereafter rate is not payable until the visiting oral surgeon has been eligible for at least 10 whole years (refer section 8.6.2 for determining eligibility date).

The visiting oral surgeon is required to:

- have four years acceptable supervised experience (comparable to that required for the Diploma of Oral Surgery of the Royal Australian College of Dental Surgeons)

8.10 Appointment of oral surgeons as senior specialists

8.10.1 Eligibility

Visiting oral surgeons who fulfil certain conditions may be eligible to be designated as a senior specialist. Payment for services is to be at the senior specialist rate (refer section 8.2). The designation of a visiting oral surgeon as a senior specialist is to be regarded as a designation for special and sustained merit, and is not an automatic right.

When recommendations are made for the designation, consideration of such merit in any or all of the below areas are to be given:

- hospital service
- teaching
- research
- administration
- clinical skills
The position of senior specialist is intended to be a predominantly hospital oriented designation.

8.10.2 Criteria for appointment

- practising
- eligible for registration by the Dental Board of Queensland in the appropriate speciality in excess of 14 years
- employed in that speciality in the hospital from which the application is made for not less than one year.

8.10.3 Appointment process

- the curriculum vitae of the visiting oral surgeon
- reasons for the application
- the area/s of special merit that are thought to support the designation.

The district is to acknowledge the application and forward (in confidence) the request to the Chief Health Officer (CHO).

The CHO is to convene a meeting of a committee not more than six months following the receipt of the application. If any member of the committee is unable to attend, a written opinion from that member is to be accepted by the committee. The committee is to consist of the following people:

When the above committee has reached a decision, the CHO is to forward to the district CEO a recommendation as to whether the visiting oral surgeon is or is not to be designated as a senior specialist. The district CEO is to then consider the matter and notify the applicant of its decision.

8.10.4 Appeals

No appeal on the decision of the district is possible. However an unsuccessful applicant may resubmit an application not less than 12 months from the date of submission of the unsuccessful application.

Any subsequent call back within the respective minimum periods of two (2) and one (1) hours, shall not be regarded as a separate call back. Time in excess of the above minimal periods shall be calculated to the nearest quarter of an hour.

4.4 Continuation of duty

4.4.1 General

When circumstances arise during a session which require an Employee to continue providing service for more than the scheduled length of the session, then continuation of duty provisions will apply.

These provisions will also apply when after a request from the Employer or a delegate an Employee agrees to continue to provide services after the scheduled session has been completed.

For the purposes of this clause only time worked in addition to the scheduled length of the session will be considered as extra time and eligible for payment as continuation of duty.

4.4.2 Payment

Payment for continuation of duty will be at the appropriate loaded hourly rate specified in subclause 3.2.1 of Clause 3.2 (Wages) calculated to the nearest quarter of an hour.

4.5 Self initiated attendance

4.5.1 General

When a need exists for an Employee to provide services other than during sessions, call back or continuation of duty, then an entitlement expressed in hours per week for self-initiated attendances may be established by the Employer from time to time.
When an Employee feels that a need for such services exists an application is to be made to the Employer. The Employer may determine an entitlement for self-initiated attendance. Such an entitlement would be expected to apply for extended periods and not normally be used for short term requirements.

No more than three (3) hours per week of self-initiated attendance shall be granted.

4.5.2 Payment

The Employee shall be paid at the appropriate loaded hourly rate specified in subclause 3.2.1 of Clause 3.2 (Wages) multiplied by the number of hours of entitlement determined in accordance with subclause 3.2.1.

This remuneration will be paid regardless of the amount of service actually performed in each week. No payment will be made if the Employee is on leave.
