

••••• : The Five Senses : •••••

Colour in the Five Senses,
cut them out and make them into a face.

Then glue it on a piece of paper to add to 'My Food Book'

When my family eats

When my Mummy goes out shopping
She likes to buy a lot
Of fresh food for me to eat
And for Dad and Aunty Dot.

My Aunty Dot likes to cook
Damper, rice and stew
Curries, roasts and vegetables
They're my favourites too.

But imagine Nana Collins
And the mob she has to feed
My cousins, aunts and uncles
And me too - if I plead.

I love it when my Nana cooks
Bush tucker all day long
Turtle, yams and kangaroo
Then we finish with a song.

With our bellies full we listen to stories
Our tradition we still keep
Of family meals and bush tucker
Now it's time to go to sleep.

Traditional foods

Healthy jarjums make healthy food choices

Draw one of the foods we tasted and fill in the answers to the questions

Using my senses

smells like

looks like

sounds like

tastes like
