MEDIA RELEASE

6 June 2016

Community members invited to help shape future health care

The communities of Texas, Inglewood and Millmerran are being invited to help shape the future of their local health care.

Every three years, the Multipurpose Health Services (MPHS) located in each town undergo an assessment as required by the Commonwealth Government.

The assessment looks at the operation of each facility and also provides an opportunity to plan for the future.

“An important part of the process is to involve our communities in this planning process,” Darling Downs Hospital and Health Service, Cluster Operations Manager Southern, Bill Jelacic said.

Community consultation workshops will be held in each township, providing an opportunity for residents to share their experiences of health services provided and feedback on areas for possible improvements.

The community consultations will be held at the following locations and times:

- Texas MPHS Community Health, Thursday 16 June from 9.30am to 2.30pm. Please RSVP for catering purposes to 4653 3203 or 4653 3200.
- Millmerran Cultural Centre, Tuesday 21 June from 9.30am to 2.30pm. Please RSVP for catering purposes to 4695 3111.
- Inglewood, to be confirmed.

Ends
