

RTI #4502 – Approved Pharmacies

Contextual Information

Queensland Health does not approve or license pharmacies.

The Department of Health has state wide responsibility for pharmacy ownership under the *Pharmacy Business Ownership Act 2001* (PBOA). The Department requires documentary evidence that any proposed ownership arrangement complies with the requirements of the legislation by completion and return of a Pharmacy Business Ownership Notification.

Queensland Health does not record or monitor PBS or non-PBS approved pharmacies as this is a Commonwealth Government matter. The field for non-PBS approved is not a reliable record that other pharmacies are PBS approved.

Data source

The attached information has been extracted from the Queensland Monitoring of Drugs of Dependence System (MODDS) database based on records collected under provisions of the PBOA.

The data was extracted on 13 July 2018 and is subject to change.
