8 APPLYING THE POLICY

Eligible employees are to be employed in the identified acute units listed in section 2 of this policy, and not just visit those areas on a short-term basis.

Full-time employees are required to perform a minimum of one and a half hours cumulative work per shift within the acute unit to be considered employed in the area.

Part-time employees performing shifts of less than eight hours duration are required to perform a minimum of one hour cumulative work per shift. Eligible part-time employees are to be entitled to the allowance on a pro rata basis.

Employees may be eligible to receive either the mental health allowance, or the environmental allowance (refer Environmental Allowance - Mental Health High Security and Medium Secure HR Policy C30). Employees are not eligible to receive both allowances. When an employee is eligible for either the mental health allowance or the environmental allowance the higher payment under the environmental allowance is to be applied.
