

Queensland Department of Health and HHS Public Health Act 2005 (Research) Data Custodian contact list

This list relates to Data Custodian contacts for applications made in accordance with Chapter 6 Part 4 Research of the *Public Health Act 2005*. Requests for information should include the extraction period and type of information required.

NB: This is not an all-inclusive list. For smaller or more specific data sets, you may need to seek approval from the Director of the unit that maintains that data set. The Director / Manager Health Information Management at each facility may be able to direct you to the relevant area if necessary.

Contact details may not be those of the data custodian but are the position/contact who is first point of contact for the respective data and who will provide guidance for obtaining data custodian approval.

There are two parts to this table:

- Part 1 relates to Hospital and Health Service (HHS) or individual Hospital level data – for access to information within the HHS/Hospital. Please direct all Public Health Applications for data custodian approval to the Health Information Manager/Director within the relevant HHS, unless otherwise noted below.
- Part 2 relates to state-wide data.

NB: for access to notifiable conditions (NOCS) information, regardless of the location for which information is being sought, please direct all queries to the contact which can be found in Part 2 of this table.

Please direct any requests for information from Queensland Ambulance to OAS.research@ambulance.qld.gov.au

Address queries and updates to the Office of Research and Innovation, Clinical Planning and Service Strategy
Email PHA@health.qld.gov.au

Part 1: Hospital or HHS specific data

Hospital and Health Service (HHS) Health Information Management Services (HIMS)	Contact Position	Contact details	HHS Specific Requirements
