

Queensland Perinatal Data Collection – COVID-19 coding for Medical Conditions and Neonatal Morbidity (v1.1)

COVID-19 Coding requirements

With the need to specifically track the morbidities and associated outcomes related to COVID-19 in mothers and babies, the below ICD-10-AM codes are required to be incorporated into all maternity and perinatal data systems to capture and report data to the QPDC in routine monthly extracts.

Below is an adaption from the national coding advice published on the Australian Classification Exchange (ACE) (Ref No: TN1530) update 27 March 2020.

Medical Conditions

Subheading	Description	Code	Valid from
COVID-19 laboratory confirmed WITH symptoms (report all)			
	Coronavirus in pregnancy	O985	01/01/2020
	Coronavirus as the cause of disease	B972	01/01/2020
	COVID-19, virus identified	U071	01/01/2020
COVID-19 laboratory confirmed WITHOUT symptoms (report all)			
	Coronavirus in pregnancy	O985	01/01/2020
	Coronavirus infection	B342	01/01/2020
	COVID-19, virus identified	U071	01/01/2020
COVID-19 clinically diagnosed or probable WITH symptoms (report all)			
	Coronavirus in pregnancy	O985	01/01/2020
	Coronavirus as the cause of disease	B972	01/01/2020

	COVID-19, virus not identified	U072	01/01/2020
COVID-19 clinically diagnosed or probable WITHOUT symptoms (report all)			
	Coronavirus in pregnancy	O985	01/01/2020
	Coronavirus infection	B342	01/01/2020
	COVID-19, virus not identified	U072	01/01/2020
COVID-19 suspected but ruled out (report all)			
	Observation for other suspected diseases	Z038	01/01/2020
	COVID-19, virus ruled out	U060	01/01/2020

Neonatal Morbidities

Subheading	Description	Code	Valid from
COVID-19 laboratory confirmed WITH symptoms (report all)			
	Coronavirus as the cause of disease	B972	01/01/2020
	COVID-19, virus identified	U071	01/01/2020
COVID-19 laboratory confirmed WITHOUT symptoms (report all)			
	Coronavirus infection	B342	01/01/2020
	COVID-19, virus identified	U071	01/01/2020
COVID-19 clinically diagnosed or probable WITH symptoms (report all)			
	Coronavirus as the cause of disease	B972	01/01/2020
	COVID-19, virus not identified	U072	01/01/2020

COVID-19 clinically diagnosed or probable WITHOUT symptoms (report all)			
	Coronavirus infection	B342	01/01/2020
	COVID-19, virus not identified	U072	01/01/2020
COVID-19 suspected but ruled out (report all)			
	Observation of newborn for suspected infectious condition	Z0371	01/01/2020
	COVID-19, virus ruled out	U060	01/01/2020
