Targeted training for administrative officers

Policy Number: G14 (QH-POL-238)

Publication date: March 2018

Purpose: To outline the eligibility provisions for administrative officers to the targeted training all-purpose allowance (the allowance), and the training and development education incentive fund (the incentive fund).

Application: The following provisions are applicable to all administrative officers at:

- classification levels AO2 to AO4 regarding the allowance; and
- classification levels AO2 to AO5 regarding the administrative incentive fund

working for:

- the Department of Health
- non-prescribed Hospital and Health Services
- prescribed Hospital and Health Services.

AO5 classification level employees are eligible for the incentive fund only.

Legislative or other authority:
- Queensland Public Health Sector Certified Agreement (No. 9) 2016 (EB9)

Attachment One Payment of allowance
1 Policy statement

Queensland Health is committed to recognising the knowledge and skill of public sector employees through the payment of a targeted training allowance to eligible administrative employees who have successfully completed a higher recognised accredited qualification.

Queensland Health is also committed to encouraging the development of higher skills for public sector employees through establishing a training fund. This enables 180 eligible administrative stream employees per year for the life of the EB9 Agreement to be reimbursed up to $1,800 per qualification under the fund to study a qualification relevant to their role.

1.1 Administrative targeted training allowance

Employees completing any approved programs or other relevant competency based qualification may also be eligible to receive the administrative stream targeted training allowance, in accordance with the following criteria:

- Possess a higher competency based qualification which is relevant to the administrative stream (i.e. AO2 - Certificate III or higher qualification, AO3 - Certificate IV or higher qualification, AO4 - Diploma or higher qualification) or any Australian University degree level qualification.
- Provides a certified copy of the qualification or satisfactory evidence of the qualification such as the original, in order that a copy may be added to their personnel file.
- Reached the maximum pay point of the specified classification level in the administrative stream.
- Spent one calendar year (or equivalent) on the maximum pay point.

Employees who meet these criteria are to be paid an allowance in accordance with clause 8.1.2 of the EB9 Agreement. Payment of the allowance is to be approved by the delegated authority.

Eligible part-time or casual employees are entitled to the allowance on a pro rata basis, based on the number of ordinary hours worked.

For the purposes of the administrative targeted training allowance, university based qualifications are deemed to satisfy the higher qualification under the targeted training provisions.

1.2 Recognition of accredited qualifications

All qualifications relevant to the administrative stream are to feature the nationally recognised training logo (as shown below) and to indicate alignment with the Australian qualifications framework (AQF).

All Australian university based degree and post graduate qualifications are also now to be accepted as higher qualifications for the purpose of the administrative targeted training allowance.

An AO2 is to have a Certificate III (or higher), an AO3 is to have a Certificate IV (or higher), and an AO4 is to have a diploma (or higher) from the Targeted training for administrative officers (AO2-AO4) - approved qualifications list.
When an employee holds a qualification which does not appear on the approved qualifications list and they feel they are eligible, the employee is to provide a copy of their qualification/s to their local Hospital and Health Service (HHS) or Department of Health (DoH) people and culture/HR unit to be submitted through Human Resources Branch, DoH, for consideration by the EB9 Implementation Group (EB9IG).

Employees holding international qualifications are to apply to have them assessed by the Department of Employment, Small Business and Training (DESBT) before making an application.

1.3 Administrative employees training and development education incentive fund

Eligible DoH (including Queensland Ambulance Service) and HHS Administrative Officers Level AO2 to AO5 may apply for funding assistance (up to $1,800) to attain an AQF certificate relevant to their role, in accordance with the following criteria:

- The employee is a full time or part-time permanent AO2 to AO5 employee.
- The employee is a temporary employee with greater than 12 months’ continuous service, and the EB9IG has approved the employee to access the incentive fund, on the proviso it will not displace an eligible permanent employee.
- A performance and development process is completed with the employee’s line manager and a suitable AQF qualification relevant to the employee’s role has been identified.
- An expression of interest is completed and forwarded to the Program Officer, Cunningham Centre, Darling Downs Hospital and Health Service for approval to access funding.

Funding is conditional upon the student providing consent for the Cunningham Centre to be advised by the training provider of the student’s enrolment status, history of results and any instances of withdrawal or deferment.

- AQF National Public Sector Training Package.
Attachment One – Payment of allowance

The following information is provided as the minimum mandatory standard practice, procedure or process to enable satisfactory compliance with this Queensland Health HR policy.

Local guidelines/procedures may be developed to facilitate implementation of this policy. Any local guidelines/procedures must be consistent with this policy and attachment and ensure employee entitlements continue to be met.

1 Applying for payment of the targeted training allowance

Employees applying for the targeted training allowance are to complete the notification of qualification form (available on QHEPS) and forward it to the delegated authority.

2 Operative date for payment of allowance

General applications for administrative employees who hold:

- university degree level qualifications
- qualifications detailed on the endorsed qualification list or
- qualifications approved by the EB9 Implementation Group (EB9IG) as relevant

on condition the other criteria are satisfied, are to be eligible for payment of the allowance from the date of application.

Administrative employees who hold relevant qualifications and who subsequently become eligible by reaching the maximum pay point of their classification level, and have been at that level for a period of one calendar year or equivalent, are to be paid the administrative training allowance from the date at which they complete one calendar year or equivalent at the maximum pay point.

If an employee possesses an AQF qualification that meets the criteria outlined in this policy, but the employee has not been on the top increment for 12 months or more, documentary evidence of the qualification is to be placed on the employee's personnel file. The employee is to provide a certified copy of the qualification or satisfactory evidence of the qualification such as the original, in order that a notated copy may be added to their personnel file.
