

RTI #4545 – Aboriginal and Torres Strait Islanders Health Workers

Notes about this Data

Pages 1-10

The pages include Minimum Obligatory Human Resource Information (MOHRI) Occupied Headcount. In line with MOHRI definitions, the data include only staff who are Active (who are working or on regular leave) or Paid (on pre-paid leave) and exclude those staff on extended unpaid leave. The headcounts provided here can be decimal values. This is because a person is counted as one head at the organisational level. When that person works in more than one position, or when their position is costed across multiple business areas, their headcount will be split accordingly to reflect the proportion of time in each position/business area. This allows the total of their headcounts in the organisation to add to 1.

Data source

Queensland Health Workforce Informatics.

Data extraction information

- Time period: 1 January 2010 – 31 July 2018.
- Date extracted: 9 August 2018

Page 11

The information on this page was collected by Queensland Ambulance Service (QAS) and is not captured in the counts outlined on pages 1-10. These figures are a full count of all persons employed and who self-identify as Aboriginal and Torres Strait Islander and includes both paid and unpaid employees.

Of the 12 questions asked by the applicant, only four questions were relevant to Queensland Ambulance Service, and data only available for three of the four questions.

Data source

Integrated Human Resource Information System (IHRIS).

Data extraction information

- Time period: 30 June 2011 – 25 July 2018 (data not available for previous years)
- Date extracted: 31 July 2018
