

# Queensland Health Data Dictionary

These three volumes represent a reviewed inventory of data elements maintained by Queensland Department of Health to meet National Minimum Data Set and Data Set Specification data reporting, and other data elements related to health care provision.

Further review of data elements is continuing which may result in some changes to the inventory in this publication.

If you would like to obtain more information about the inventory of data elements please contact the Health Statistics Unit on email [dqstd@health.qld.gov.au](mailto:dqstd@health.qld.gov.au).
