

## SERVICES WE PROVIDE

### ★ *Child Health Support*

Support in the areas of parenting, health, growth and development including home visits, regular aged based health checks and open consultations to discuss parenting experiences and ways to improve your child's health and development

### ★ *Childhood and School Immunisation Program*

### ★ *Care Co-ordination Program*

This is a home visiting program for selected families.

### ★ *Positive Parenting Program*

Triple P promotes a positive, caring relationship with your child, encouraging desirable behaviour and managing misbehaviour.

For seminars and groups Ph: 4226 0047

### ★ *Circle of Security Groups*

COS works with understanding and supporting your child's development of emotions, confidence and self-esteem & connecting with your child and responding to their needs.

For groups Ph: 4226 0047

### ★ *Early Intervention Parenting Services*

Support to enhance the nurturing role of families with children aged 0-8 years experiencing depression or anxiety in pregnancy and early parenthood, or attachment and child behaviour concerns.

### ★ *Speech Pathology*

Support for children aged 0 – Prep.

### ★ *Children's Continence Clinic*

Support for children with continence issues.

### ★ *Indigenous Health Workers and Young Parent Support Worker*

Support to Indigenous families, 21yrs and under during antenatal, birthing, postnatal and early parenting.

### ★ *School Based Youth Health Nurses*

This program supports schools in promoting health and wellbeing in young people. The program provides health, support and individual consults.

### ★ *Social Work Services*

This role improves health and well-being of families by offering counselling, practical support, advocacy and referral for clients with identified health issues.
