

RTI #3894 – Approved Pharmacies

Contextual Information

Queensland Health does not approve pharmacies.

The Department of Health has statewide responsibility for pharmacy ownership under the *Pharmacy Business Ownership Act 2001* (PBOA). We require documentary evidence that any proposed ownership complies with the requirements of the legislation by completion and return of a Pharmacy Ownership Notification.

Queensland does not record or monitor PBS or non-PBS approved pharmacies as this is a Commonwealth matter. The field for non-PBS approved is not a reliable record that other pharmacies are PBS approved.

Data source

The attached information has been extracted from the Queensland Hospital Monitoring of Drugs of Dependence System (MODDS) database based on records from our Health (Drugs & Poisons) Regulation, 1996 and Pharmacy Business Ownership Act, 2001 notifications.

The data was extracted on 30 August 2017 and is subject to change.
