Hospital Identification and Diagnosis Forms

Identification and Diagnosis Forms (I&D Sheets) are to be completed by private facilities that are not able to report data electronically as per the required electronic file format. Refer to Appendix B: File formats and validation rules for more detail on the electronic file format for private facilities.

The following forms are to be completed as required -

PHI (1) is required to be completed for all separations

PHI (2) is only required to be completed if an episode of care has eight or more morbidity codes reported or there are changes to any activity details such as Ward, Patient leave, Contract leave, Account variation, Mental health details (for patients admitted or transferred to a designated psychiatric unit) or Nursing home type patient details.

PHI (3) is only required to be completed for admitted contracted public sub and non-acute patients.

The PHI (1) and PHI (2) forms can be accessed from:
